# PART I

*Proceedings of the Government of His Highness the Maharaja of Mysore,*

No. R. 142-82—L. R. 462-08-1, DATED BANGALORE, 7TH JULY 1909.

ORDER.—The instructions conveyed in Government Order No. 3752-60—R. 416, dated the 20th August 1893, regarding the acquisition of lands for public purposes will be altered and added to as shown below :—

(1) In para 4 of the instructions, add the words "direct to the Department of the Government Secretariat which budgets for and carries out the work" after the words "shall report the matter." Add also the following sentence at the end of that para:—

"The declaration under the Land Acquisition Regulation will issue from the same Department of the Government Secretariat."

(2) Add the following as paras 10 and 11 of the said instructions :—

"10. Where the land required is gomal or other special assignment to village communities, application should be made to the Revenue Commissioner, who is competent to grant the same."

"11. Acquisition or assessed land for public purposes does not necessarily imply the writing off of the assessment. This latter concession should be matter for separate consideration, a reference being made to the Revenue Commissioner, who will seek the orders of Government if not in favor of the proposal, or sanction it otherwise."

*Note.*—Modified as above ordered, the Rules will read as follows:—

"I. No land should be acquired by any Department, except through the Deputy Commissioner of the District in which it is situated.

II. When a Municipality or any Department of Government wishes to acquire land for any public purpose, it shall send a requisition to that effect to the Deputy Commissioner intimating the situation and area of the land required and the purpose for which it is required.

III. The requisition may include a limit of price, if the requisitioning authority considers it necessary to fix one.

IV. On the receipt of this intimation, the Deputy Commissioner should make the necessary enquiries. If the probable price which the Deputy Commissioner considers it necessary to pay, is accepted by the requisitioning authority and if the Deputy Commissioner wishes to put the Land Acquisition Act in force, he shall report the matter direct to the Department of the Government Secretariat which budgets for and carries out the work for the orders of Government, with full details as regards the description, boundaries and area of the land required, and the amount it is likely to cost. The declaration under the Land Acquisition Regulation will issue from the same Department of the Government Secretariat.

V. On the receipt of the orders of Government thereon, he may proceed to acquire the land.

VI. If the Deputy Commissioner considers that the land required cannot be had within the limit, if any, fixed by the requisitioning authority, he should intimate the same to the Department concerned and await its further wishes in the matter.

VII. As a rule, all lands required for Government purposes should be acquired under the Land Acquisition Act, and private negotiation should be resorted to only in cases in which there is not the slightest doubt about the title of the owner with whom the Deputy Commissioner purposes to deal.

VIII. Deputy Commissioners should under no circumstances take possession of the land before its price is settled or the provisions of the Land Acquisition Act are put in force.

IX. Deputy Commissioners should report to Government particulars of lands acquired without the previous sanction of Government and without payment.

*Land Revenue, dated 7th July 1909.*

X. Where the land required is gomal or other special assignment to village communities, applications should be made to the Revenue Commissioner, who is competent to grant the same.

XI. Acquisition of assessed land for building purposes does not necessarily imply the writing off of the assessment. This latter concession should be matter for separate consideration, a reference being made to the Revenue Commissioner, who will seek the orders of Government if not in favor of the proposal or sanction it otherwise."

*Proceedings of th Government of His Highness the Maharaja of Mysore,*

READ—

The following letter No. 10723, dated the 13th April 1909, from the Revenue Commissioner in Mysore (submitting for orders his views and suggestions in the matter of the preservation of *Mysore Gazette* files) :—

"I have the honor to submit for the orders of Government the following views regarding the preservation of *Mysore Gazette* files.

2. In the Record Sorting Rules No. R. 1356-65, dated 19th November 1903, no definite provision is made as regards the preservation of files of the *Mysore Gazette*. Rule 10 lays down that 'Accounts, Registers, Periodical Returns, Gazettes and similar papers, should, as far as possible, be kept in separate daftars.' Article 41A refers to 'Circulars, Rules, Books, and printed papers of importance which are still in force.' Neither in the Rules nor in the Article is there any indication to show what period the Gazettes are to be preserved.

3. Owing to the absence of any distinct provision, the Gazettes are now being preserved in all Revenue offices permanently. In many offices where these are preserved from the commencement, *viz.*, from the year 1866, there are not fewer than 60 to 80 daftars and these occupy a full rack or several compartments and cover a space of nearly one-eighth of the record-room. Judged by their relative importance, I need not say that this is unnecessary waste of space and trouble.

4. To economise space and also to provide for the preservation of the really important portions of the Gazette, I would propose that in all the District Offices which are supplied with many copies of the Gazette one copy be bound in half-yearly or yearly volumes and deposited in the record-room, the other copies being simply kept for current reference for a period of five years. At the end of each year the District Officers should see that all important parts such as Bills, Acts, important notifications of Government and Circulars are taken out of the unbound copies of the Gazette five years old and the remainder should be disposed of as waste paper. The parts so separated may be kept as books or files of reference.

5. The issue of the Gazette in all other offices immediately subordinate to the Deputy Commissioner and in the Taluk Offices may be destroyed after five years, reserving only the papers required for reference as explained in the previous paragraph. If considered desirable in order to provide against the risk of volumes of the only complete set of *Mysore Gazette* maintained in the district being lost or mislaid and also for the sake of ready reference when wanted in the interior of the district, it may be ordered that in one or two of the remoter taluks of each district (to be specified by the Revenue Commissioner) a complete set be preserved without being bound and tied up in daftars. Such issues of the Gazette as may be required for reference may be sent to the office applying for the same on condition of being returned.

6. If my proposal be sanctioned not only much space that is now occupied by the comparatively unimportant portions of the Gazette in the record-room will be saved together with the incidental expenses of getting them bound and providing them with daftar cloths, the system of preserving Gazettes in the Province will be brought into conformity with that prevailing in Madras and Bengal where Gazettes supplied to subordinate Revenue offices are only preserved for a temporary period. (*Vide* Rules 9 and 10, Section III, Bengal Records Manual, page 12 and Appendix XIII at page 454 of the Standing Orders of the Board of Revenue, Vol. II.)

7. In case the above proposal commends itself to Government, I would request that orders may be passed directing the preservation of only one copy of the *Mysore Gazette* in all the district offices and one of the taluk offices of each district unbound and that in all other offices they may be destroyed after five years."

No. R. 372-80—L. R. 367-08-2, DATED BANGALORE, 10TH JULY 1909.

ORDER THEREON.—Government concur in the views expressed by the Revenue Commissioner and approve of his proposals. They accordingly direct the following additions being made in the rules for the preservation and destruction of records laid down in Government Order No. R. 1356-65, dated 19th November 1903.

*Land Revenue, dated 10th July 1909.*

(i) In the A list, *viz.*, of papers to be preserved permanently, insert the following as No. 58.—

"One complete set of the *Mysore Gazette*, bound by parts in yearly volumes to be preserved in the Deputy Commissioner's office, and one or two more, if necessary, to be preserved without being bound in some selected taluks in a district, to be specified by the Revenue Commissioner."

(ii) In the B list, *viz.*, of papers to be retained for, and destroyed after, specific periods, insert the following as No. 102.—

"*Mysore Gazette* copies supplied to the Deputy Commissioners' Office and offices subordinate to it (including the Taluk Offices), other than those mentioned in the A list among papers to be preserved permanently."

Against this number insert "five years" in the column showing the length of time for which the records are to be kept.

Against this number insert the following in the "Remarks" column:—

"Before destroying these copies, all papers of importance, such as Bills, Regulations, important notifications of Government and Circulars should be taken out and kept for reference."

## BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL No. 51 OF 1908-09.

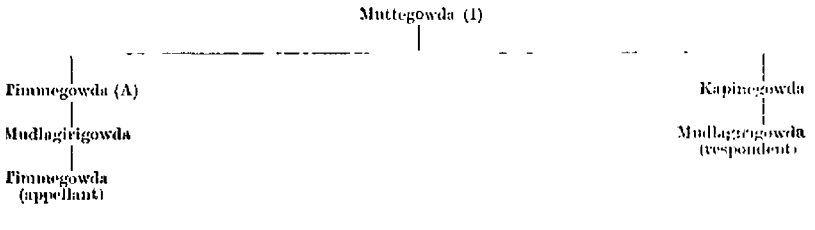
| Appellant | *Versus* | Respondent |
|---|---|---|
| Timmegowda, son of Mudlagirigowda of Chikmalalvadi village, Kunigal Taluk. | | Mudlagirigowda, son of Kapinegowda. |

*Subject.*

Appeal against the order of the Deputy Commissioner, Tumkur District, rejecting the appellant's suit filed to establish his claim to the pateli office of Chikmalalvadi village, Kunigal Taluk, in preference to the respondent.

*Facts of the case.*

The marginal genealogical tree gives the relationship of the parties. The pateli office in question is said to have been first held by one Muttegowda and then by his son Timmegowda (A) who died about the year 1863-64. This Timmegowda (A) left him surviving his grandson (the appellant who was then a minor), Mudlagirigowda, father of the appellant having predeceased his father Timmegowda (A). The respondent's father Kapinegowda who was also a hukdar performed the pateli duties after the death of Timmegowda (A) and was registered as barawarddar patel in 1875-76. In 1885-86, Kapinegowda on the score of infirmity and old age got the pateli transferred to the name of his son, the respondent. The appellant thereupon filed a revenue suit in the Court of the Deputy Commissioner to establish his claim to the pateli office but the suit was dismissed in March 1887 on the ground that the appellant (plaintiff) failed to prove his allegation that Kapinegowda was only a gumasta and that his possession of the office was not adverse to the (plaintiff) appellant. Timmegowda thereupon presented an appeal to Government which was dismissed by Government Order No. 2932, dated the 19th August 1887, as the parties effected a compromise between themselves and produced a registered deed dated 23rd July 1887 (Exhibit C) whereby they had made a division of their family properties between themselves and came to an agreement regarding the holding of the pateli office by the respondent and his heirs uninterruptedly on condition of the respondent's family paying half the potgi attached to the office to the appellant.



2. The respondent who since then held the office without dispute is said to have been suspended in 1904 for some irregularity when the appellant was appointed to act as patel. After the term of respondent's suspension was over, the appellant was directed by the Deputy Commissioner to hand over charge of the office to the respondent. Timmegowda thereupon appealed to the Revenue Commissioner. In rejecting the appeal, the Revenue Commissioner observed that Timmegowda had no right to withhold the delivery of charge of the office to the respondent and if he had any independent claim to the office he should institute separate proceedings. The appellant thereupon on 4th May 1907 filed a regular suit in the Court of the Deputy Commissioner, Tumkur District, to establish his claim to the pateli office on the ground that he belonged to the senior branch and that the respondent had failed to give the appellant half of the potgi according to Exhibit C. The above suit was referred to the Assistant Commissioner, Gubbi Sub-Division, for disposal. Both the Assistant Commissioner and the Deputy Commissioner (on appeal) have dismissed the suit on the grounds that the matter was before Government in 1887 and had been

*Land Revenue, dated 15th July 1909.*

finally disposed of, and that there were no grounds to re-open the question. Hence the present second appeal to the Revenue Commissioner which has come up for disposal by Government, the case having been withdrawn from the Revenue Commissioner's file under Section 210 (*a*) of the Mysore Land Revenue Code.

*Order.*

In 1887, the appellant had sued the same respondent for the office of pateli. The dispute was adjusted out of Court according to Exhibit C and his appeal to Government was dismissed. The order of dismissal operates to render the matter "Resjudicata" and no fresh suit is allowable. The appellant can only get whatever rights were legally given to him under Exhibit C. The present appeal is therefore dismissed.

READ—

1. Government Order No. R. 9528-9—L. R. 348-08-2, dated the 15th May 1909, appointing a Committee to consider and report on the question what Revenue buildings are likely to be required during the next ten years and which of them should be taken up in the next two years.

2. Letter No. 12999, dated the 16th June 1909, from the Revenue Commissioner in Mysore, submitting the opinion of the Committee on the above question.

" (1) With reference to para 2 of Government Order No. R. 9528-9—L. R. 348-08-2, dated the 15th May 1909, directing that a Committee composed of the Revenue Commissioner, the Chief Engineer and the Deputy Commissioners of Districts should meet at Mysore on the occasion of the birthday of His Highness the Maharaja of Mysore and decide and report on the Revenue buildings likely to be required during the next ten years and which of them (and in what order) should be taken up in the next two years, I have the honour to state as follows :—

(2) The Committee met at the Public Offices, Mysore, on Wednesday the 2nd June 1909 at 4 P.M. The Chief Engineer and the Deputy Commissioners of six districts except Messrs. Wetherall and Chengiah Chetty, were present.

(3) There was doubt as to whether the term " Revenue buildings " included accommodation for Forest Rangers, Sub-Registrars, bonded depots, lock-ups, etc., as all these were under the supervision of the Deputy Commissioners of Districts, and also whether the term included residential quarters for Amildars where such was felt necessary. I expressed it as my opinion that the Government Order as it stood related only to Revenue buildings and the term could not be intended to cover any of the buildings mentioned above, except where standard or type designs for Revenue buildings such as Deputy Commissioners' offices or Taluk Cutcherries included some of them, a view in which all the other members of the Committee concurred.

(4) I also said that the most urgent requirements should be differentiated from others which were not urgent and which could wait. The Chief Engineer was of opinion that the question of repairs to existing buildings did not arise as the matter to be discussed was Revenue buildings required to be constructed during the next ten years. Therefore the question of ordinary repairs to the existing buildings was also left out of consideration.

(5) Then the requirements of each district were taken up and considered. As the Deputy Commissioner of Hassan did not attend the meeting and had not sent any memo of requirements, the needs of the Hassan District could not be considered. Mr. Chengiah Chetty, though absent from the meeting, had sent a memo on the subject which was duly considered. As the result of the discussion, it was resolved to classify buildings into three classes, (1) Very urgent, under which to be included such buildings as are necessary to be constructed without any loss of time and in the immediate future, (2) Urgent, which are badly needed but which could wait till the 1st class of buildings had been provided and (3) others, which could wait for the convenience of Government. I beg to enclose herein a statement of buildings classified under the above three classes which were unanimously approved by the Committee, and from that it will be seen that there are three buildings which are very urgently required *viz.*, the Taluk Cutcherries at Magadi, Honnali and Chitaldrag. Communications having been since received from the Deputy Commissioner of the Hassan District and revised list from the Deputy Commissioner of the Mysore District, information therein contained has been analysed and added to the list and circulated for the remarks of the members of the Committee.

(6) While on this subject I may mention that in 1908 (September), I had a meeting of all the Deputy Commissioners at Mysore and consulted them with regard to the design of new buildings for Taluk Cutcherries with a view to provide therein accommodation for most of the offices located at taluk head-quarters, as thereby the convenience of parties and pleaders would be best served and also the cost of supervision and of separate buildings for different offices, may be minimised. I append to this letter as enclosure B extract from the notes of discussion on the subject at a meeting held at Mysore on the 13th June 1908, at which the Deputy Commissioners of Districts, the Superintending Engineers and the Excise Commissioner were present and which was sent to the Chief Engineer, for the information of Government and for consideration as to whether that aspect of the question should not also be considered in deciding upon the construction of Revenue buildings in district and taluk head-quarters in the future.

(7) No idea of the cost of these buildings could be indicated before the type or standard design of the several buildings is known and the extent and nature of the alterations and additions could be ascertained."

ENCLOSURE A.

List of Revenue Buildings to be constructed in the next ten years approved by the Committee:—

Class I. *Very Urgent.*—These have to be undertaken immediately.

(*a*) Taluk Cutcherries at Magadi, Honnali and Chitaldrug.

(6) *Goribidnur.*—A new building for the Taluk Cutcherry.

(7) *Gudibanda.*—A new travellers' bungalow or new Sub-Taluk Cutcherry.

*Tumkur District.*

(1) *Tiptur.*—A new Taluk Cutcherry.

(2) *Maddagiri.*—A new Sub-Division Office and quarters for the Sub-Division Officer.

(3) *Pavagada.*—Quarters for the Amildar.

(4) *Koratagere.*—Sub-Taluk Cutcherry.

(5) *Gubbi.*—Extension of the present Taluk Cutcherry building.

(6) *Chiknayakanhalli.*—Extension of the present Taluk Cutcherry building, to be inspected by the Public Works Department.

*Mysore District.*

*Nil.*

*Land Revenue, dated 17th July 1909.*

*Hassan District.*

(1) Extension of the District Office building.

(2) Extending the Taluk Cutcherry at Saklespur.

(3) Extension of the Taluk Cutcherry at Channarayapatna.

(4) Do do at Hole-Narsipur.

*Kadur District.*

Additional blocks for accommodation for Taluk gumastas at Mudgere.

*Chitaldrug District.*

(1) Extension of the District Office building to provide accommodation for the Excise Office.

(2) Combined office at Davangere for Sub-Division and Taluk Offices.

ENCLOSURE B.

Extracts from the notes of discussion on the Revenue buildings likely to be required during the next ten years, at a meeting held at Mysore on the 13th June 1908:—

* * * * * * *

(1) The first subject taken up for discussion was "Improved type design for Taluk Cutcherries."

(1) After hearing the views of the several Deputy Commissioners and after reference to the plans available, the Revenue Commissioner suggested the consideration of the question after dividing it into three sub-divisions, *viz.*,

(*a*) What offices should be located in the Taluk office building.

(*b*) Internal arrangement.

(*c*) The architectural aspect.

(2) It was resolved that it would be convenient if (*a*) accommodation could be easily provided in one place for all offices stationed at head-quarters of the taluk. The number of offices that may have to be thus accommodated in the most important taluk would be as follows:—

(*a*) Sub-Division Office.

(*b*) Munsiff's Court.

(*c*) Rooms for the D. P. W. Office.

(*d*) Do Forest Office.

(*e*) Do Excise Office.

(*f*) Do Registration Office.

(*g*) Do Police Office.

(*h*) Do Taluk or Stationary Magistrate.

(*i*) Do Taluk Cutcherry proper.

(*j*) Do Lock-up for under-trial prisoners, convicted prisoners, separate rooms being provided for members of each sex.

The above being the maximum number of offices, the minimum would vary according to the number of offices for which accommodation may already exist or for which no accommodation may be needed.

(*b*) The unanimous sense of the meeting was that one ground plan should be made, in regard to all Taluk Cutcherries, accommodation for certain additional offices being provided by the construction of a second floor on the front wing and additional rooms on the sides, a certain amount of open space being reserved therefor. (*Vide* skeleton plan.)

(3) It was also the general opinion of the meeting that provision should be made in he second floor for the following officers:—

Sub-Division Officer.

District Munsiff.

Taluk Amildar and Magistrate;

all the remaining officers being accommodated in the ground floor.

(4) In Taluk Cutcherries where there is no second floor the side rooms in front may be allotted to the Amildar, the rooms on the opposite side being given to the Police Inspector. Sufficient space should be provided in all Taluk Cutcherries for the Treasury, the Taluk Sheristadar and the shroff in the middle of the front wing. The Lock-up should be located, as at present, on the rear side. The arrack depot and Excise Office may be placed next to the Lock-up but provided, where necessary, with an entrance on the rear of the compound to make it easy for loading and unloading arrack carts and to keep out the strong smell of the arrack depot from the other offices. The front entrance may be so designed that carriages conveying valuables and treasure may enter by the front gate and be lodged for safety at nights in the courtyard in the middle of the quadrangle. The records room may be placed opposite to the Treasury room. The building should have a verandah all round on the inside.

(5) The main points kept in view were, economising of space, meeting the convenience of pleaders and parties having to transact business in different offices, enabling officers to communicate with one another without unnecessary trouble or loss of time and minimising the number of peons and guards necessary to guard each office.

The above are merely the general outlines. The Public Works Department should be requested to consult the requirements of various Departments and draw up a suitable plan having due regard for architectural effect.

No. R. 637-46—L. R. 348-08-6, DATED BANGALORE, 17TH JULY 1909.

ORDER THEREON.—The proposals of the Committee, contained in the first of the Revenue Commissioner's letter read above, appear to be generally suitable. The Chief Engineer is requested to prepare and submit as early as possible two or three type designs for Taluk Cutcherry buildings providing accommodation also for the other offices located at taluk head-quarters including, where necessary, the Sub-Division Office and the Munsiff's Court.

2. New Taluk Cutcherries at Magadi, Honnali and Chitaldrug are reported to be very urgently required. These should, if possible, be taken up during the current year. The Chief Engineer is requested to submit as early as possible plans for the buildings.

Government Proceedings No. R. 2408-11—R. M. 151-00-01, dated the 16th February 1904, sanctioning the grant as inam to Appanna Chetty and Bhujanga Rao of Tumkur of dry lands to the extent of 40 acres and 13 guntas out of the Amrut Mahal Kaval of Mallasandra village in the Tumkur Taluk, in lieu of an equal extent of dry land assessed at Rs. 51-8-0 out of Survey Nos. 38 and 42 of the said village originally granted as inam, but which had been taken up by the Forest Department for plantation purposes after relinquishment by the holders on being treated as khalsat during Inam Settlement.

READ—

Letter No. 7817, dated the 18th January 1907, from the Revenue Commissioner in Mysore, recommending that, as the land referred to in the order of Government read above is not available for being granted as inam having been since included into the bed of Mallasandra tank, sanction may be accorded to the Deputy Commissioner's proposal (1) to confirm as *Inam* to Appanna Chetty, in lieu of his claim to half of 40 acres and 13 guntas of dry land, Survey No. 82,* of Gulur village, Tumkur Taluk, now standing in his khate as ordinary kandayam land, and (2) to the grant of a money compensation of Rs. 503-4-0 to Bhujanga Rao in lieu of his half of the claim.

*(Wet extent 3 acres and 27 guntas and assessment Rs. 25).

Correspondence ending with letter No. 759, dated the 21st May 1909, from the Deputy Commissioner, Tumkur District, which shows that the tope for which the inam was granted is now in the management of both Appanna Chetty and Bhujanga Rao, that out of the trees originally planted in the tope about 26 trees were cut down when the Railway Line across it was laid, that 12 trees stand on Survey No. 16 adjoining the Tumkur-Gubbi Road, that the total number of trees now standing on Survey Nos. 14 and 165 which form the tope is only 48 and that the present condition of these 48 trees within the limits of the tope is fair.

---

No. R. 979-90—L. R. 431-06-7, DATED BANGALORE, 29TH JULY 1909.

ORDER THEREON.—The inam was originally granted to one Krishna Rao of Chitaldrug for the maintenance of a tope planted by him near the Mallasandra village in the Tumkur Taluk. It consisted of 4 candies and 3 kudus and 15 padies of land assessed at Rs. 26-2-11 and the jodi payable was Rs. 13-2-0. The inam itself was alienated in 1876 to Bhujanga Rao and Appanna Chetty but no notice was taken of the alienation and their right to hold the inam lands was not called into question at the Inam Settlement in 1885-86. During the Survey and Settlement of the Tumkur Taluk the land was formed into the four survey numbers shown in the margin and as the area on measurement during Inam Settlement was considerably in excess, only Survey Nos. 82 and 89 were confirmed as inam in 1885-86 and the remaining survey numbers treated as khalsat. After relinquishment by the holder thereof who did not consent to pay full assessment leviable on the excess area Survey Nos. 38 and 42 were taken over by the Forest Department and have been made into a casuarina and sandal plantation. The Inam Settlement having again been revised in accordance with the Government Notification of 10th June 1891, the bulk of the lands treated as khalsat had to be restored to the Inamdars but as they were in possession of the Forest Department sanction of the Government was accorded in the Government Order read above to grant them, in order to make up the deficiency, 40 acres and 13 guntas selected by them out of the 50 acres of the Mallasandra Amrut Mahal Kaval surrendered by the Amrut Mahal Department and to refund the jodi recovered from them in excess. The lands originally proposed to be given in exchange are stated to be within the water spread of the Mallasandra tank and the Deputy Commissioner therefore recommends that Survey No. 82 wet measuring 3 acres and 27 guntas and assessed at Rs. 25-0-0 in the Gulur Amanikere belonging to Appanna Chetty be confirmed to him as Inam, as its assessment corresponds to that on the lands taken away from him, and Bhujanga Rao be paid a money compensation of Rs. 503-4-0 on account of his share of the

lands given over to the Forest Department as he does not desire for any lands in exchange. The Revenue Commissioner supports the recommendation.

2. Government observe that the Inam in question was expressly granted for the maintenance of a tope and can only be continued so long as the tope is maintained in good condition and contains the full number of 100 trees. Government are not bound to recognize any alienation of the Inam and all such alienations even if recognized are subject to the condition that the integrity of the Inam will be maintained and it will be subject to resumption if the tope is not properly preserved. Government cannot, therefore, accept any arrangement which would have the effect of weakening the responsibility of the holders of the Inam for the maintenance of the topé or lessening the value of the Inam. According to the Deputy Commissioner's report there are only 48 trees at present in the tope formed by Survey Nos. 14 and 165 and making allowance for the 26 trees which are said to have been cut at the time of laying the railway line and also for the 12 trees standing in an adjacent number (Survey No. 16) stated by the present claimants to form part of the tope, the number still falls short of the required number. The Deputy Commissioner should, therefore, insist upon the entire number being planted at once. He is, therefore, requested to fix a time, after ascertaining the exact number of vacancies to be filled up, within which the jodidars should plant the full number of trees and inform them that if they do not do so they will be deemed to have lost all right to the grant of any additional lands in exchange for those taken away from them. The Deputy Commissioner may also give them some contribution towards the expenses of planting and rearing an equal number of trees if they were not paid any compensation for the trees that were cut when laying the railway line.

3. After the tope is fully planted Government have no objection to the claims of Appanna Chetty and Bhujanga Rao for compensation for deficiency being disposed of as follows:—

(*a*) The total extent of the Inam confirmed according to the revised settlement is 69 acres and 15 guntas assessed at Rs. 79-8-0. Out of these they are already in possession of 29 acres and 2 guntas assessed at Rs. 28-0-0. The deficiency to be made good is therefore 40 acres and 13 guntas bearing an assessment of Rs. 51-8-0. Under the rules the lands to be given in exchange should be dry although the assessment on Survey No. 82 of Gulur village proposed to be confirmed as Inam on Appanna Chetty nearly corresponds with that on half the above extent stated to represent his half share in them, its grant is otherwise open to objection as the land is wet. The Deputy Commissioner should see if it is not possible to give him the required extent in dry land itself and the request of Appanna Chetty to treat Survey No. 82 of Gulur village as Inam may be complied with only if a suitable dry land is not available.

S. Nos. 82 and 89 of Mallasandra village.

(*b*) As regards the money compensation recommended to Bhujanga Rao, Government observe that on its payment, Government will have no means of enforcing his liability for the maintenance of the tope and the object of the grant of the Inam will be entirely frustrated. He should also therefore be required to select some dry land for being registered as Inam and if it is not possible to find it, an annual payment of Rs. 25-12-0 according to the calculation shown in the margin may be made as ready money grant in accordance with the principles laid down in para 3, of Government Order No. 16246-55—P. F. 295-92, dated the 24th March 1893.

| | | |
|---|---|---|
| Half money value of the Inam now in possession of the Inamdars ... ... | ... ½ of (Rs. 28-0-0—Rs. 13 2 0)= | Rs. 7-7-0 |

| Difference ... ... ... | | Rs. 25-12-0 |

4. Appanna Chetty and Bhujanga Rao should be distinctly made to understand that the above recognition on the part of Government of the severance of their interests in the original Inam will have no effect on their joint and several responsibility for the due preservation of the tope and any neglect to fulfil their

*Land Revenue, dated 29th July 1909.*

obligation even on the part of one will entail a forfeiture of the entire Inam. Government would at the same time strongly deprecate such objectionable arrangements and trust that cases in which interests inconsistent with the integrity or purposes of the original grant have been allowed to spring up with the connivance of the local authorities are not frequent.

## BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 60 of 1908-09.

| Appellant | *vs.* | Respondent |
|---|---|---|
| Venkatagiriappa. | | Venkatanaranappa. |

*Subject.*

Claim to the shanbhogi office of Sivane Amrut Mahal Kaval Grama in the Tarikere Taluk.

The Sivane Amrut Mahal Kaval was formed from some of the lands belonging to (1) Sivane Kasaba, (2) Dandur, (3) Thyagadakatte, (4) Bannur, (5) Baktanakatte, (6) Veerapura and (7) Geejakatte.

These villages have been grouped into three shanbhogi firkas, Sivane, Geejakatte and Dandur. Sivane and Geejakatte are registered in the names of the appellant's uncle's sons, Byrappa and Krishnappa, respectively.

The third firka is in the name of one Thimmappaiya, a member of a different family.

The year or years in which the kaval was formed from the lands belonging to the abovementioned three circles, is not definitely known; but it is certain that it existed for a long time before the Survey Settlement.

About the year 1886-87 portions of this kaval were given out for cultivation. The respondent's brother, Ramanna, was, at that time, looking after the duties of Sivane Kasaba as gumasta of the registerdar.

The shanbhogi duties of the Amrut Mahal Kaval lands given out for cultivation were likewise being discharged by him. A year or two afterwards the respondent succeeded Ramanna as gumasta. Latterly the appellant's uncle's son Byrappa, who was the registerdar, relieved the defendant of the duties of the Sivane Kasaba village; but the latter continued to do the duties of the kaval village. Till the year 1895 he received no remuneration for discharging these duties. In that year a potgi of Rs. 42 was settled for the office. Then the appellant's father and others claimed the shanbhogi of the Kaval Grama as being hereditary in the family, but the then Assistant Commissioner, Mr. K. R. Sreenivasa Iyengar, being of opinion that it was a new village, appointed the respondent, who had been looking after its duties without remuneration for more than ten years, as shanbhog under Section 14 of the Land Revenue Code.

The appellant's father preferred an appeal against this order, but he was referred to a regular suit on 6th May 1899. No suit was filed till 8th August 1906, when the appellant brought a regular suit claiming the shanbhogi in question. Mr. K. Mylar Rao, the then Assistant Commissioner in charge of Chikmagalur Sub-Division, dismissed the suit on the ground that the office was not hereditary and that, even if it were hereditary, it was not the plaintiff (appellant) that was entitled to sue.

On appeal the lower Court's decision was affirmed by the Deputy Commissioner.

The appellant appealed to the Revenue Commissioner. The appeal was withdrawn under Section 210 A of the Land Revenue Code. It came on for hearing on 22nd June 1909 when Mr. D. Venkataramiah was heard for the appellant. The respondent was also present.

*Decision.*

It may be that the lands forming the Amrut Mahal Kaval were originally taken from the villages of which the shanbhogi hak belonged to the appellant's family. But when they were again given out for cultivation, they were not re-attached to those villages but were constituted a different village. On the 5th March 1898, the General Assistant Commissioner appointed the respondent permanent shanbhog of this kaval village. It is clearly stated in the order that there was no hereditary shanbhog for this village and the appointment was apparently made under Section 14 of the Land Revenue Code.

*Land Revenue, dated 29th July 1909.*

If this order was considered wrong, the appellant's father should have appealed from it in time to the higher authority. He did not do so for a year; and on 20th April 1899 he presented a petition to the Deputy Commissioner. He got an endorsement dated 6th May 1899 directing him to file a regular suit. This suit was, however, filed only on 8th August 1906.

As the lands were not attached to any village within the hak of the appellant, he has no right to claim the shanbhogi. But even if he had, his claim is time-barred. The Assistant Commissioner had jurisdiction to appoint a shanbhog under Section 14 of the Land Revenue Code. Unless that order is set aside, no other shanbhog can be appointed; and under Article 14 of the Limitation Act a suit to set aside such an order (supposing it is maintainable) should be filed within one year.

The appellant's suit was thus clearly out of time. This appeal is, therefore, dismissed.

READ—

Letter No. 13542, dated the 28th June 1909, from the Revenue Commissioner in Mysore, forwarding the accompanying copy of his review on the statements showing the losses in cattle in the State for the quarter which ended on the 31st March 1909.

---

It will be seen from the accompanying consolidated statement that the total cattle-mortality in the State during the quarter under review numbered 47,735 as against 32,573 during the corresponding quarter of the previous year. The increase in deaths occurs under both "Sickness" and "Accidents and other causes." As deaths attributed to accidents and other causes may often be really due to sickness, much value need not be attached to the large number shown under "Accidents and other causes." It may be safely remarked that the increase in mortality is almost wholly due to the diseases like Rinderpest, Doddaroga, Chapperoga and Neradiroga, which prevailed in all the districts except Kadur. The adverse seasonal conditions also helped to increase the virulence of the attacks. The number of cattle inoculated in each district during the quarter was as follows:—

| District | Number of cattle inoculated. |
|---|---|
| Bangalore ... ... ... ... | 82 |
| Kolar ... ... ... ... | 222 |
| Tumkur ... ... ... ... | 253 |
| Mysore ... ... ... ... | 1,763 |

No. R. 273—AGRI. 64-08-10, DATED BANGALORE, 9TH JULY 1909.

ORDER THEREON.—Recorded.

The increase of mortality due to epidemic diseases is noticed with regret and Government trust that strenuous efforts are being made to check them and popularise inoculation as much as possible.

READ—

Report dated the 20th March 1909 on the Mysore Dasara Industrial and Agricultural Exhibition of 1908, submitted with the Revenue Commissioner's letter No. 12159, dated the 27th May 1909.

---

No. R. 448-89—AGRI. 103-07-43, DATED BANGALORE, 12TH JULY 1909.

ORDER THEREON.—Government have perused with much interest the report on the second annual Exhibition held at Mysore during the Dasara of 1908. They are glad to note that in several respects this Exhibition was a distinct advance upon the one held in 1907.

2. The total numbers of exhibitors and exhibits were appreciably larger than in 1907, as was also the total value of the articles exhibited. The Nagpur Exhibition held in December 1908 to some extent interfered with the receipt of exhibits from the Central Provinces and parts of the Bombay Presidency, but exhibits were received from 47 stations in British India as against 26 in the previous year.

3. Though the Exhibition was kept open for only a fortnight as against 27 days in the previous year, it is estimated that about 40,000 persons visited the Exhibition in 1908 as against 30,000 in 1907.

4. It is observed with pleasure that non-official co-operation was forthcoming in several directions and Government share the hope of the Revenue Commissioner that in the course of time it may be possible to entrust the actual conduct of the annual Exhibition to non-official agency. Government hope that the Committee will stimulate non-official activity in connection with the Exhibition and will find ways to avail itself of such assistance and co-operation to an increasing extent every year.

5. Including the Government grant, the total funds available for expenditure were Rs. 21,318, besides medals of the value of Rs. 540 in stock from the previous year as against Rs. 27,676, in 1907. The total expenditure was Rs. 14,754 as against Rs. 26,376 in the previous year.

6. Of this expenditure the sum of Rs. 3,011 was spent on permanent improvements to the building and on furniture and staging. Medals of the value of Rs. 118 are in stock and available for use in future.

7. The net cost of the Exhibition to the State was Rs. 7,673 after deducting from the gross expenditure the amounts spent on permanent improvements and the receipts from the Exhibition itself.

8. Besides this direct expenditure, indirect expenditure was incurred by the several technical departments of Government which took part in the Exhibition. It is observed that these departments have not furnished the President with statements of expenditure incurred by them. Government desire that information on this point should in future be furnished to the President by the department concerned in time for being incorporated in his general report.

9. The thanks of Government are due to the principal Railway Administrations for the concessions shown to exhibitors, to the Governments of the Madras and Bombay Presidencies, and to the Durbars of Travancore and Cochin for the assistance afforded by them in procuring exhibits. The President observes in his report that the number of exhibits would have been greater if the concessions offered by the Madras and Southern Mahratta Railway and South Indian Railway applied to goods sent for the Exhibition irrespective of a minimum distance of 400 miles. A separate communication will be addressed to these Railway Administrations with a view to securing, if possible, an extension of the concession in the direction referred to.

10. In reviewing the present report Government desire to express their appreciation of the services rendered by Rajakaryapravina Mr. A. Rangaswami Iyengar, Revenue Commissioner and President of the Exhibition Committee, in organizing the Exhibitions of 1907 and 1908 and laying down the general lines of its conduct in future.

*Revenue (Agriculture), dated 12th July 1909.*

11. They also note the good work done by Mr. K. Subba Rao, the Secretary to the Exhibition Committee.

12. In view of other heavy duties devolving on the Revenue Commissioner, it has been found necessary to relieve him of the charge of the Exhibition, and under orders issued on 9th January 1909 Mr. Krumbiegel, Superintendent, Government Gardens, and Mr. G. Subbasami Iyer, Superintendent, Government Industrial School, Mysore, have been appointed, respectively, as the President and Secretary of the Exhibition Committee.

13. Government have ordered the Exhibition being held in the current year as usual at Dasara time and look forward again to the cheerful co-operation and active assistance of the various Heads of Departments, Deputy Commissioners and local officers.

14. The President is requested to convey to the several official and non-official gentlemen who took part in the Exhibition the thanks of Government for their help.

---

No. R. 534-75—AGRI. 31-08-33, DATED BANGALORE, THE 14TH JULY 1909.

ORDER THEREON.—From the statements of prices published in the *Mysore Gazette*, the Government observe that ragi, the staple food grain of the people, has been selling for some weeks at 12 seers per rupee in the Mysore and Shimoga Districts and at less than 12 seers per rupee in the Bangalore, Kolar, Tumkur and Kadur Districts. As extra allowances on account of dearness of food grains are admissible only where the staple food grain of the people sells below 12 seers per rupee, the Government are pleased to order that the allowance sanctioned by them shall continue to be disbursed only in the Bangalore, Kolar, Tumkur and Kadur Districts till the end of June 1909.

2. The allowances shall be calculated at the rates already sanctioned and shall be admissible to all persons who are now in receipt of them.

The following letter No. D. 4, dated the 30th June—3rd July 1909, from the Revenue Commissioner in Mysore :—

" With reference to para 1 of Government Proceedings No. R. 7168-77—Agri. 69-03-60, dated 11th March 1909, asking for detailed information as to (1) the number of persons requiring gratuitous relief, (2) the system adopted in administering it and (3) the rates at which it is given in the several districts and taluks, I have the honor to submit herewith in original for reference and obliging return, the reports received from the Deputy Commissioners of Districts furnishing the required particulars on the subject.

2. It will be seen from the reports that the numbers of people receiving gratuitous relief were as per margin. The numbers of persons receiving this relief in the Hassan and Shimoga Districts not having been mentioned in the report, the information has been called for.

| District | | Date | | Number |
|---|---|---|---|---|
| Bangalore | ... | 16th April 1909 | ... | 415 |
| Kolar | ... | 5th June 1909 | ... | 586 |
| Tumkur | ... | 26th March 1909 | ... | 1,762 |
| Mysore | ... | 17th April 1909 | ... | 752 |
| Kadur | ... | 26th May 1909 | ... | 2 |
| Chitaldrug | ... | 16th June 1909 | ... | 713 |

3. As regards the system adopted in administering this relief :—The Deputy Commissioner of the Bangalore District reports that in the Bangalore Taluk the relief is administered by the village patel and shanbhog under the supervision of the shekdar, that in the Dodballapur Taluk three leading men of the village are associated with the patel and shanbhog as a Committee to conduct this work, that in the Nelamangala Taluk grain doles are caused to be paid from the grain dealers and that in the Magadi Taluk the work is entrusted to the patel or shanbhog.

The Deputy Commissioner, Kolar, reports that preliminary lists prepared by the village officers are scrutinized by the Amildar and those found deserving are brought on the lists and that grain is doled out to these at a uniform rate.

The Deputy Commissioner, Tumkur District, reports that in accordance with a circular issued by him (enclosed in the Deputy Commissioner's letter) the distribution is made by the village Committee in the presence of the village officers to persons whose names are entered in the list and that in the case of the aged and infirm and of pardanishan women the dole is distributed in their houses, unless by their express consent some one attends at the central place of distribution to receive them.

The Deputy Commissioner, Mysore District, reports that in the Krishnarajpete Taluk, the Amildar during his tour selects persons eligible for relief and then deputes the shekdars, shanbhogs and patels of each village, to distribute the dole every day with the help of panchayatdars, that in the Mandya Taluk advances are made to Hobli Shekdars to purchase grain in santes and shops and distribute the same daily with the help of village officials and that in the Nagamangala Taluk, merchants where available and some well-to-do raiyats at other places are appointed to distribute the grain each day under the supervision of village officers and that on the submission of bills weekly or fortnightly payments are made.

The Deputy Commissioner, Hassan, has not furnished information on this point. The Deputy Commissioner, Shimoga District, reports that cash payments are made once a week to the parties concerned.

The Deputy Commissioner, Kadur, reports that only two persons were given this relief, one being fed for seven days at a cost of 2 annas per diem and then made over to the villagers to be maintained by private charity and the other being taken care of by the patel of Sakrepatna who had her fed at his own expense for ten days, that she was then removed to the hospital where arrangements were made for her feeding from the imprest placed at the disposal of the Amildar and that an expenditure of Rs. 5 was incurred for feeding her for a fortnight.

The Deputy Commissioner, Chitaldrug District, reports that in important places the shekdar or other officer purchases ragi from the grain dealer and deposits the same with the patel or shanbhog, who distributes it to the recipients in the presence of two are more respectable inhabitants of the village, that in less important places the patel distributes the grain in the presence of panchayatdars and gets the cost of grain from the shekdar every week and that in places where ragi cannot be had for sale the shekdar purchases from his imprest the required quantity of ragi on every shandy day and distributes the same then and there to the several recipients.

4. As regards the rate of distribution, the Deputy Commissioners of Bangalore, Tumkur and Chitaldrug report that relief is given in the shape of grain only, in accordance with the scale fixed in Section 84 of the Famine Code. The Deputy Commissioners of Kolar and Mysore, report that half a seer of ragi per diem is given for adults and ½ seer for infants. The Deputy Commissioner of Hassan reports that grain doles at 12 chataks for adults and between 8 to 3 chataks for children according to their ages are given in the Channarayapatna and Belur Taluks; and that in the Arsikere Taluk, in addition to the grain dole, an amount equal to the said value has also been given. The Shimoga and Kadur Deputy Commissioners report that cash doles at 1 and 2 annas respectively per head have been given. Thus with the exception of Arsikere and Chikmagalur Taluks which have exceeded the limit of rate prescribed in Section 84 of the Famine Code, the rate of distribution all over the State has been within the limit prescribed."

D O letter No. D. 2936, dated the 29th June 1909, from the Revenue Commissioner in Mysore, requesting to be authorized to utilize during the year 1909-10 the unspent balances of the funds sanctioned during the year 1908-09 under the following heads of relief measures:—

(i) Takavi and Land Improvement Loans.

(ii) Advances to weavers

(iii) Purchasing and storing seed grains for distribution to raiyats.

(iv) Supply of fodder

---

No. R. 729-39—AGRI. 1-09-2, DATED BANGALORE, 22ND JULY 1909.

ORDER THEREON.—The Revenue Commissioner should have given details of the unspent balances referred to by him. According to the particulars published in the *Mysore Gazette* the following statement shows the amounts sanctioned by the Government for the measures of relief mentioned by the Revenue Commissioner, the extent to which the loans granted have been actually disbursed and the unspent balance available with the Revenue Commissioner and the Deputy Commissioners for further payment:—

| Head of measure of relief | Amount sanctioned by Government | Amount actually disbursed | Amount available |
|---|---|---|---|
| | Rs. | Rs | Rs. |
| Takavi and Land Improvement Loans ... ... | 4,60,750 | 3,21,991 | 1,38,759 |
| Advances to weavers ... | 50,000 | 34,132 | 15,868 |
| Seed grains for distribution to raiyats ... ... | 11,000 | Full information not available | ... |
| Fodder supply ... ... | 11,000 | Do | ... |

2. The Government have no objection to the Revenue Commissioner's utilizing this unspent balance for sanctioning further loans or for paying further instalments of loans already sanctioned. As far as possible, however, the amount should be used for payment of old loans and fresh loans should be granted only in exceptional cases.

1. Government Proceedings No. R. 5765-6—Agri. 97-08-7, dated the 4th February 1909, sanctioning for a period of six months an additional establishment at a cost of Rs. 210 per mensem for the Revenue Commissioner's office for work connected with distress.

2. Letter No. D. 51, dated the 7th July 1909, from the Revenue Commissioner in Mysore, requesting sanction to the continuance of the establishment referred to above till the end of December 1909.

---

No. R. 968-9—AGRI. 97-08-39, DATED BANGALORE, 28TH JULY 1909.

ORDER THEREON.—The period for which the establishment in question was sanctioned expires with the 4th August 1909, and the Revenue Commissioner requests that it may be continued till the end of December 1909, as the seasonal conditions are not yet quite free from anxiety and it takes some time to bring the accounts connected with distress to a close. As the latter work will have to be done mostly by the Comptroller and the Deputy Commissioners, the Government see no reason for the retention of the temporary establishment of the Revenue Commissioner till the end of the current calendar year merely for this purpose. They accordingly direct the continuance for the present of the said establishment till the end of September 1909, by which time it will be possible to judge better the seasonal prospects of the present year.

1. Government Proceedings No. R. 6122-31—Agri. 97-08-8, dated the 13th February 1909, sanctioning the entertainment, for a period of four months, of accountants and assistant shekdars for duty connected with distress.

2. Government Proceedings No. R. 7521-3—Agri. 97-08-14, dated the 20th March 1909, declining to sanction accountants for the Bangalore District, but authorising the entertainment of nine assistant shekdars for the affected hoblis of that district.

3. Correspondence ending with letter No. D. 239, dated the 29th July 1909, from the Revenue Commissioner in Mysore, submitting for orders copy of a letter from the Deputy Commissioner of the Kolar District soliciting sanction to the continuance of part of the establishment sanctioned in connection with distress.

No. R. 1052-61—AGRI. 97-08-42, DATED BANGALORE, 31ST JULY 1909.

ORDER THEREON.—The Government observe that the period for which the establishment referred to in the Order of 13th February 1909 was sanctioned expired with the month of June 1909. As, however, seasonal conditions in some parts of the State are not yet free from anxiety, the Government are pleased to permit so much of the additional establishment as is absolutely necessary being continued till the end of September 1909, in the Kolar, Tumkur and Bangalore Districts, the services of the others being dispensed with. Orders to a similar effect have already been passed in regard to the Chitaldrug District in Government Proceedings No. R. 270-72—Agri. 97-08-35, dated the 8th July 1909.

Letter No. 10846, dated the 24th June 1909, from the Conservator of Forests in Mysore, submitting for orders two applications from the Deputy Commissioner of the Chitaldrug District for the free grant of wood and bamboos on behalf of the raiyats of Alagavadi village of the Chitaldrug Taluk and of the Hadadi village of the Davangere Taluk, whose houses were destroyed by accidental fires:—

"I have the honour to submit herewith for the orders of Government, correspondence ending with letter No. 534, dated the 18th instant, from the Deputy Commissioner, Chitaldrug District, together with all its enclosures in original, regarding the destruction of houses by accidental fires in the Davangere and Chitaldrug Taluks.

2. In the Alagavadi village of the Chitaldrug Taluk, seven houses are reported to have been destroyed by a fire on the 18th March last, the property lost being valued at Rs. 447. The Deputy Commissioner recommends the free grant of 7¼ cart-loads of wood and 1,150 bamboos valued at Rs. 67 from the Nirthadi State Forest in favour of the sufferers who are reported to be very poor. From a perusal of the free grant statement, it will be seen that in the case of sufferers Nos. 1, 2, 4 and 5, the value of free grants recommended is slightly in excess of the kandayam paid by each of them. Sufferer No. 7 pays Rs. 6 as shikmidar, while the value of free grants recommended in his case amounts to Rs. 11.

3. In the Hadadi village of the Davangere Taluk, five thatched houses were similarly destroyed by a fire on the 8th March last. The Deputy Commissioner recommends the free grant of 79 hebbidaru and 1,000 kiribidaru valued at Rs. 78-12-0 from the Joldhal State Forest in favour of the sufferers who are also reported to be very poor. According to the statements, only sufferers Nos. 2, 3 and 4 are kandayam-paying raiyats, but the recommendations in the case of Nos. 2 and 3 are far in excess of the kandayam paid by each of them. Nos. 1 and 5 pay a mohatarfa of annas 4 each, but the value of recommendation in each case amounts to Rs. 12.

4. In this office letter No. 9080, dated the 26th April last, which is also submitted herewith for perusal, the Deputy Commissioner's attention was particularly drawn to the necessity of restricting the value of recommendations to the limit of kandayam paid by each sufferer and in exceptional cases, where such value exceeded the kandayam or where non-agriculturists were recommended for the concessions, he was requested to state why he considered such exceptional treatment was necessary. The recommendations, however, have not been modified by the Deputy Commissioner in the light of the above instructions. As applications for free grants in contravention of standing orders have, of late, become very frequent, I beg to suggest that it be laid down once for all that such applications will not be entertained. Agricultural labourers, ordinary coolies and non-kandayam-paying residents are not entitled to any free grants and must therefore be excluded from the benefaction. They can always manage to make their own arrangements to reconstruct their huts."

No. R. 353-62—FT. 47-08-35, DATED BANGALORE, 10TH JULY 1909.

ORDER THEREON.—The observations of the Conservator contained in para 4 of his letter read above are commended to the attention of Deputy Commissioners. The rules require to be strictly applied and Government must deprecate recommendations not in conformity with the rules.

2. In the present instance Government are pleased to sanction the free grant of wood and bamboos only to such raiyats as pay kandayam to Government and to the extent permitted by the rules.

The following papers relating to the settlement of the Harmaghatta Forest Block in the Shimoga and Honnali Taluks:—

(1) Letter No. 59, dated the 31st August 1908, from the Forest Settlement Officer.

I have the honor to report on the conclusion of the settlement of Harmaghatta Forest in the Shimoga and Honnali Taluks of the Shimoga District.

2. The initial notification under Section 4 of the Mysore Forest Regulation, constituting the area as a State Forest appeared on page 503 of the *Mysore Gazette*, Part I, English, dated 8th August 1907, and the proclamation required under Section 5 of the said Regulation was issued by me on the 30th August 1907, and the same appeared on pages 426 and 427, Part II, Kanarese Gazette, dated 5th September 1907.

3. The notices were duly served on the villagers concerned through the Amildars of Honnali and Shimoga Taluks.

4. The block was inspected and perambulated in company with the District Forest Officer and the Amildar of Shimoga Taluk on the 5th March 1908, and I held an enquiry under Section 7 of the Forest Regulation. None of the raiyats concerned have any objection to the reservation of the area as proposed by the Forest Department, except the villagers of Suthukote and Holalur who urged the exclusion of 414 acres and 32 guntas out of the proposed area. The raiyats of Dodderi, Palvanahalli and other villages prayed for the concessions of free grazing, etc., to be granted in the State Forest.

5. In all, fifteen claims for the following rights were preferred to me:—

(1) Ten claims to right of free grazing, etc.,
(2) Three claims to right of way, and
(3) Two claims to rights not falling under any one of the above.

Of the ten claims in (1), seven were admitted and three rejected. All the claims in (2) and (3) were admitted and have been recorded in the "B" Register.

6. The time allowed for the preference of appeals expired on the 5th June 1908 and the Deputy Commissioner of the Shimoga District has intimated in his docket No. 4505, dated 27th June 1908, that no appeals were received by him against my settlement decisions.

7. The following records are herewith submitted:—

(1) B Register.
(2) C Register.
(3) Sketch map.
(4) Topo tracing.
(5) Boundary notification.

8. The date from which the reservation has to take effect may be inserted in the draft boundary notification.

(2) Letter No. 6309, dated the 17th December 1908, from the Revenue Commissioner in Mysore, stating that the settlement may be approved as there have been no appeals against it from the villagers.

(3) Letter No. 6486, dated the 17th February 1909, from the Conservator of Forests in Mysore, pointing out certain discrepancies in the statements and stating that free grazing should not be allowed throughout the year in the forest.

(4) Letter No. 203, dated the 29th March 1909, from the Forest Settlement Officer in Mysore, resubmitting the settlement papers and explaining certain irregularities pointed not by the Conservator of Forests.

(5) Letter No. 9520, dated 11th May 1909, from the Conservator of Forests in Mysore, giving his further opinion on the same subject.

(6) Registers B and C.

The villagers have no objection to the reservation and the District Forest Officer has agreed to the grant of concessions asked for, hence the proposal is confirmed and the villagers are permitted to bring the following free from the area taken to the State Forest from this village :—(i) grass for thatch at ten head-loads per annum per family, (ii) dry wood for fuel at four cart-loads per annum, per family, (iii) thorns for fencing at five cart loads per annum per family. The area of gomal left after reservation will be 111 acres and 12 guntas for 269 cattle which is enough. The raiyats are permitted to exercise the following rights in the area taken to the forest from this village free of cost :—(i) to graze the cattle, 269 in number, (ii) to bring dry wood for fuel at four cart-loads per annum per family, (iii) grass for thatching at ten head-loads per annum | | |

*Proceedings of the Government of His Highness the Maharaja of Mysore,*

No. R. 837-48—Ft. 123-08-8, dated Bangalore, 26th July 1909.

Order thereon.—The settlement effected by the Forest Settlement Officer is approved with the modification recommended by the Conservator of Forests in regard to free grazing, *viz.*, that only the villagers of Kugonhalli, Palavanhalli and Gadikatte be allowed the concession of free grazing in selected parts of the forest and that this concession be allowed only during the usual grazing season, *viz.*, from the 1st June to the 31st December, both days inclusive.

2. Government consider that a restriction of the grazing season to the portion of the year from June to December is necessary for the adequate protection of the forest from risk of fire. It is also observed that in the season from January to May, there are generally no crops on the cultivated lands of the villages and that these lands will afford some pasturage for cattle, while the period from June to December is generally the cultivation season when the cattle cannot be allowed to roam over the cultivated lands.

3. The draft notification defining the boundaries of the Harmaghatta block, with the modified concessions noted at foot thereof, will be published in the *Mysore Gazette*, the 1st of September 1909 being fixed as the date from which the block shall be declared to be a State Forest.

4. The Deputy Commissioner of the Shimoga District is requested to promulgate the boundaries in the locality in which the forest is situated.

5. The appropriation of the lands detailed below for inclusion in the forest is sanctioned :—

READ—

The following papers relating to the settlement of the Swarnamukhi Forest block in the Hiriyur Taluk of the Chitaldrug District :—

(1) Letter No. 124, dated the 30th November 1908, from the Forest Settlement Officer in Mysore:—

" I have the honour to report the conclusion of the settlement of the Swarnamukhi forest in the Hiriyur Taluk of the Chitaldrug District.

2. The initial notification under Section 4 of the Mysore Forest Regulation, proposing to constitute the area as a State Forest, appeared on pages 179 and 180, Part I of the English Gazette, dated 7th March 1907; and the proclamation required under Section 5 of the said Regulation, which was issued by me on the 20th March 1907, appeared on pages 84 and 85, part II, Kanarese Gazette, dated 28th March 1907. The notices were duly served on the villagers concerned through the Amildar of the Hiriyur Taluk.

3. The locality was inspected and perambulated by me in company with the Range Forest Officer on the 11th June 1908. The raiyats concerned were also present at the time of my perambulation. I held an enquiry under Section 7 of the Regulation. The village Lakkenahalli, and some portion of the Kilaradahalli on which the proposed channel of the Borankanave tank has been traced, have been separated from the Reserve as observed in the Revenue Commissioner's letter No. 10772, dated 26th May 1906, to the Conservator, copy of which was received by me with the abovementioned notification under Section 4.

4. The following claims were preferred to me by the villagers :—

(i) One claim to right of free of grazing; (ii) Four claims to right of way; (iii) Two claims to right to worship; and (iv) Four claims to rights not falling under any one of the above. The claim in (i) was admitted and has been recorded in the " B " Register. Of the four claims in (ii), three were admitted and one rejected. All the claims in (iii) and (iv) were admitted.

5. The time allowed for the preferring of appeals expired on the 11th September 1908, and the Deputy Commissioner has intimated in his docket No. 534, dated 27th October 1908, that no appeals were received by him against my settlement decisions.

6. The following records are herewith submitted :—

(i) ' B ' Register, (ii) ' C ' Register, (iii) Sketch map, (iv) Boundary Notification, and (v) Topo tracing. The date from which the reservation has to take effect may be inserted in the draft boundary notification.

(2) Letter No. 8976-6, dated the 5th March 1909, from the Revenue Commissioner in Mysore, recommending that the settlement may be approved and the final notification issued.

(3) Letter No. 7384, dated the 6th May 1909, from the Conservator of Forests in Mysore, pointing out certain discrepancies in the boundary statement.

(4) Letter No. 2, dated the 29th June 1909, from the Forest Settlement Officer, resubmitting the papers after effecting the corrections pointed out by the Conservator.

| 1 | Thimme Gowda, patel of Dindavara, on behalf of villagers. | 11th June 1908 ... | Requests that the following assessed waste survey numbers may be excluded from the Reserve for expansion of cultivation:—139, 140, 141, 144, 148, 149, 9 and 150 | ..... ... | This area contains kamara trees and it may not be excluded. Only Survey No. 150 and Survey Nos. 15, 142, 143 and 151 may be left to the raiyats. | This village seems to be a big and prosperous one as may be seen from the statistics of the village, and it really requires a larger extent for expansion of cultivation. As there is every probability of assessed waste lands being cultivated, it is desirable to exclude certain assessed waste survey numbers and I accordingly order that Survey Nos. 15, 142, 143, 150 and 151 be left to the villagers and the rest taken to Forest.<br>(Sd.) M. Shama Rao,<br>Forest Settlement Officer.<br>11th June 1908. | ..... ... | ..... |
| 2 | Do ... | Do ... | Claims right of way over the following tracks, cart-tracks leading from (1) Dindavara to Lakkenhalli, (2) Dindavara to Oblapura. | Shown in the village map. | May be admitted ... | (1) Cart-track from Dindavara to Lakkenahalli, is admitted for men; cattle and carts all the year round, width of the track being 9 feet:<br>(2) Cart-track from Dindavara to Oblapura is admitted for men, cattle and carts throughout the year, width of the track being 9 feet.<br>(Sd.) | 3 | Kari Gowda patel Gumastha of Lakkenahalli, on behalf of raiyats. | Do ... | Requests that the following survey numbers may be left for the use of the raiyats, as it would be very troublesome for them if the whole village is included in the Reserve, as proposed:— 11, 8, 3, 12, 13, 25, 26, 27, 39, 32, 33, 36 and 38. | ..... ... | All the numbers except 11, 36, and 39 may be excluded. | The Forest Department has proposed this village, which is situated in the interior of the proposed Forest, to be treated as an enclosure. The Revenue Commissioner observes in his letter No. 10722, dated 26th May 1906, to the Conservator of Forests, received with the Notification under Section 4, that this village should be entirely separated from the proposed Forest, and in my inspection also, I found that it was not possible to treat this village as an enclosure. It seems to me that instead of burdening the Forest with rights and privileges, it is desirale to exclude certain area for the use of the villagers. | .. ... ... | ..... |

| 4 | Karegowda, patel ganasta of Lakkenhalli on behalf of villagers. | 11th June 1908 | ... | Claims right of way over the following:— (1) Cart-track from Lakkenhalli to Pilale, (2) Lakkenhalli to Oblapura and (3) Lakkenhalli to Viravanigatthalli. | Shown in the village map. | May be admitted | ... | As agreed to by the Range Forest Officer, all the cultivated lands, assessed waste Survey Nos. 33, 32 29, 27, 26, 3, part of Kharab Survey Nos. 36, 48 and 25 and whole of Kharab Survey No. 12 and gomal Survey No. 8, and part of Survey No 11 have been separated from the Reserve and the rest included in the Forest.<br>(Sd.) M. Shama Rao,<br>Forest Settlement Officer.<br>11th June 1908. | |
| 5 | Do ... | Do | ... | Requests that the Baliappa temple in Survey No. 10, may be treated as an enclosure with camping ground of hundred yards all round it, for the use of the devotees and villagers, when celebrating the festivals, all the year round, and a right of way thereto. | Long enjoyed right | May be done | ... | (1) Cart-track from Lakkenhalli to Pilale is admitted for men, and cattle and carts all the year round, width of the track being 9 feet; (2) Cart track from Lakkenhalli to Oblapura is admitted for men, cattle and carts all the year round, width of the track being 9 feet; (3) The cart-track from Lakkenhalli to Viravanagatthalli is admitted for men, cattle and carts throughout the year, width being 9 feet.<br>M. Shama Rao,<br>Forest Settlement Officer<br>11th June 1908. | From the local enquiry, I heard that the villagers and devotees go to the temple dedicated to Baliappa whenever they meet with difficulty in the family. As agreed to by the Range officer, I have ordered the temple to be treated as an enclosure with a camping ground of hundred yards all round the temple to be used by the devotees and villagers throughout the year. Access to the temple is allowed by cart-track leading from this village to Oblapura.<br>(Sd.) M. Shama Rao,<br>Forest Settlement Officer.<br>11th June 1908. |
| 6 | Kallegowdap, atel of Mavinnadu on behalf of ryats. | Do | ... | The villagers request that the Assessed waste Survey Nos 39, 40, 56 to 61 and Kharab Survey No. 66 may be ordered to be excluded from the Reserve for their use. | .... | May be excluded | ... | The Forest Department has proposed all the assessed waste numbers. This village, though small, has under cultivation 108 acres 33 guntas, and if the villagers want to expand the cultivation, they will have to be deprived of this, and therefore I have ordered that the assessed waste Survey Nos. 39, 10, 56 to 63 and Kharab Survey No. 66 be excluded from the Reserve and the rest taken to Forest.<br>(Sd.) | 8 | Do ... | Do ... | States that all the Gomal Survey Nos. have been included in the Forest and it will be great hardship to raiyats for the grazing of the cattle and therefore requests that free grazing may be allowed in the State Forest, or the Gomal Survey Nos. excluded from the Reserve | ..... | These Survey Nos. may not be excluded as they contain Kamara trees. | The statistics of this village show that there are only 2 Gomal Survey Nos. which have been proposed for inclusion in the forest. During my inspection I found that these two Survey Nos. contain Kamara trees in different stages of growth, and it was not possible to exclude these numbers from the reserve and therefore I have ordered that the Gomal Survey Nos. 35 and 36 be reserved. The villagers are also allowed to graze their cattle 67 in number, except sheep and goats in Gomal Survey Nos. 35 and 36 throughout the year. (Sd.) M. Shama Rao, Forest Settlement Officer. 11th June 1908. | | |

| 10 | Kallegowda patel of Kilardahalli on behalf of villagers | 11th June 19 | ... | States that, as a channel from Borankanve tank is proposed to be brought through Kilarah Survey Nos. 12, 14, 15, 22, and 28 and Gomal Survey No. 21, the raiyats pray that these Survey Nos. may be excluded from the Reserve, for expansion of cultivation. | ..... | May be excluded | I inspected the tract in which it is proposed to take the Borankanve channel. It passes through Survey Nos. noted in column 4 and there is no objection to these Nos. being cultivated from the water of this channel. The lands belong to the Kilardhalli village. As per instructions contained in the Revenue Commissioner's letter No. 10172, dated 26th May 1906, to the Conservator of Forests, received with the Notification under Section 4, Survey Nos. 12, 13, 14, 15, 21, 22 and 28, are excluded from the Reserve and the rest taken to the Forest.<br>(Sd.) *Proceedings of the Government of His Highness the Maharaja of Mysore,*

No. R. 1012-6—Ft. 165-08-6, dated Bangalore, 30th July 1909.

Order thereon.—The settlement made by the Forest Settlement Officer is approved with the modification that instead of allowing free grazing to the cattle of Mavinamadu village throughout the year the same will be restricted to the grazing season, namely, from 1st June to 31st December. The Deputy Commissioner is requested to select a suitable extent of kharab land for appropriation as gomal land for this village. With this modification, the draft Notification will be published in the Gazette, the 1st of October 1909 being inserted as the date from which the Forest will be declared as a State Forest.

2. The Deputy Commissioner of the Chitaldrug District is requested to promulgate the boundaries of the Forest in the locality in which it is situated.

3. The assessment of the lands of Dindavara, Lakkenahalli and Mavinamadu as detailed in the C Statement and aggregating Rs. 240-1-8 will be written off the accounts.

4. The total area of the Forest in question will be 6,310 acres and 15 guntas or 9·85 square miles as detailed in the margin, and its appropriation for inclusion in the Forest is also approved.

No. Fl. 138-78—G. F. 332-08, dated Bangalore, 7th July 1909.

Order.—Under Article 136 (*a*) of the Civil Account Code, Volume I, 7th Edition, no advance is permissible for the construction of a house except at the place in which the officer applying for the same is actually serving or at which he is permitted to reside while in service. With a view, however, to encourage the building of houses in the extensions of Bangalore, Mysore and Shimoga, the Government of His Highness the Maharaja of Mysore are pleased to sanction the relaxation of the above rule so far as proposals to build houses in the said extensions are concerned.

Letter No. 11157, dated the 28th April 1909, from the Revenue Commissioner in Mysore, submitting for orders letter No. R. C. 766, dated the 24th April 1909, from the Deputy Commissioner, Bangalore District, stating that the Comptroller has disallowed the mileage claimed by Mr. C. Rama Rao, Senior Assistant Commissioner, for the journey performed by him on the 10th March 1908, from Pattalammana Kunte to Bangalore (21 miles) as directed by the then Deputy Commissioner Mr. D. Devaraj Urs, in order to relieve the latter, who was proceeding on casual leave as per Government Order No. R. 5881-3—L. R. 175-07-16, dated the 13th March 1908, and requesting sanction to the amount disallowed.

---

No. FL. 369-70—L. R. 366-08, DATED BANGALORE, 12TH JULY 1909.

ORDER THEREON.—The ground on which the Comptroller has taken objection to the amount claimed is that no extra expense should be imposed on the State in consequence of the absence of an officer on casual leave. Government consider that this restriction against extra expenditure can have reference only to salary or acting allowance which the acting officer may claim and not to travelling allowances claimed for journeys necessitated by the exigencies of service. The Assistant Commissioner went to head-quarters to meet the Deputy Commissioner personally while taking charge of the office; and as this was the right course to follow, the Comptroller's objection cannot be sustained. Government therefore direct that the travelling allowance disallowed by the Comptroller be admitted.

*Proceedings of the Government of His Highness the Maharaja of Mysore,*

2. Correspondence ending with letter No. 608, dated the 26th March 1908, regarding the loan granted to the family of the late Regimentdar Lakshmana Rao.

3. Petitions dated the 4th February 1909 and the 1st May 1909 from Mr. Musaheb Rama Rao, praying that in the circumstances explained by him no penal interest be charged on the overdue instalments and that as he has repaid in full, with interest, the loan taken by him, the property which was mortgaged as security for the loan and placed under Government management may be restored to him.

4. Correspondence ending with letter No. 573, dated the 17th March 1909, from the Deputy Commissioner of the Mysore District regarding the accounts of the loans granted to the three branches of the late Anche Bakshi Thippiah's family.

5. Petition dated 1st March 1909 from Srinivasa Rao one of the borrowers of the loans referred to in No. 4 *supra* praying for the restoration to him of the mortgaged village of Doddabommanahalli in the Arkalgud Taluk now under Government management and stating that he will himself pay the balance of the loan still due by him.

No. Fl. 422-30—Gl. Fin. 302-08, dated Bangalore 15th July 1909.

Order thereon.—The advances and loans under the Land Improvement Loans Regulation and the Revenue Code do not call for any notice. These consist of numerous small loans to raiyats the recoveries of instalments of which are controlled and watched by Deputy Commissioners. In the case of loans sanctioned after the promulgation of the new rules in November 1908, the Comptroller maintains individual ledgers of such loans but previous to that date no such ledgers were maintained in the Comptroller's Office and he could check the transactions only from the half yearly lists of individual loans referred to in para 30 of Government Order No. Fl. 1150-1192, dated the 9th February 1903. It has been ascertained that these lists have not been regularly submitted by Deputy Commissioners to the Comptroller. The return in question should be regularly submitted in future to enable the Comptroller to exercise the necessary check and furnish to Government, if necessary, the report mentioned in para 30 of the order referred to above.

2. The return of house-building advance requires no notice as the recovery of the amounts is regular, being made by deduction from the monthly pay due to the debtors.

3. Out of advances made during the distress of 1891-92 a sum of Rs. 260-14-3 is outstanding against the Bangalore District and another of Rs. 5,292-13-4 against the Mysore District. These amounts have remained unadjusted for 18 years and the Deputy Commissioners concerned have failed, in spite of their attention having been drawn several times to the matter, to take steps to recover the advances or to account for them if the money was spent on the public service. The advances cannot be allowed to stand awaiting adjustment indefinitely. From the details furnished in the statement it appears that a portion of the outstanding amount was drawn on account of village relief works and the balance was advanced for affording relief to weavers. It is not clear why amounts spent on relief works are treated as advances. If, as the description of the payment shows, the money was spent on the public service, there ought to be no difficulty in accounting for it, but if there is any difficulty in accounting for the expenditure, it should be represented to Government so that such orders as the case calls for may be passed and the items removed from objection. The amounts given to weavers are recoverable advances and Government do not understand why the property, offered as security, should not be proceeded against for realizing the outstanding amounts. If, however, the advances are irrecoverable, a report to that effect should be made for the orders of Government, mentioning the circumstances under which the loss is inevitable and noticing in particular the names of officers to whose negligence the loss is attributable. In any case, the needful action must be taken at once by the Deputy Commissioners of the Bangalore and Mysore Districts and a full and final report on the subject submitted to Government within one month from the date of receipt of this order.

*Financial (General Finance), dated 15th July 1909.*

In this connection the attention of the Deputy Commissioner of the Mysore District is drawn to Government Order No. 5477, dated the 23rd December 1904.

4. The repayment of two out of the three "Other Loans" is reported to be regular. The transaction in regard to the third loan granted to Ahmed Ali and Mahomed Makdum has practically closed by the purchase by Government, at an auction held by the court, of the debtor's building known as the Artware Manufactory mortgaged as security for the loan. On receipt of the report regarding the disposal of the building, bought by Government, called for in Government Order dated the 15th January 1909 from the Deputy Commissioner of the Mysore District, who is requested to expedite its submission, orders will be issued for the final closing of this loan account.

5. Out of the seven "Special Loans" one is that given from the Palace Funds to the Sringeri Matt and it has been completely repaid as stated by the Officer in charge of the Palace Establishments in his letter No. 77, dated the 16th March 1909.

6. Of the six loans advanced by Government, the accounts of two, namely, those of loans granted to Messrs. L. Hund and K. Shamiengar have been closed by writing off the irrecoverable balances and the transactions on account of three other loans, namely, those given to the Bowring Institute Committee, Sugandaraj and Chennaveeraraj, and the Bikaneer Durbar are regular and do not call for any remarks. The prospects of recovery of the loan granted to the Mysore Spinning and Manufacturing Company appear to be remote but it is hoped that after some more years of working, the Mill will be able to make substantial profits out of which it can discharge the large debt due to Government. It is understood that for various reasons the terms of the contract dated the 15th October 1904 between the Government and the Company are not being strictly adhered to and that the relation between the Government and the Company requires to be placed on a more definite and satisfactory footing. The matter is believed to have been receiving the attention of the Managing Director on behalf of Government (the Comptroller) for some time past and the Government would be glad to have an early report from him in the matter.

7. Under the head of "Loans to Encumbered Jahgirdars" there are fifteen loans. Of these, the account of one, namely, that given to Mr. Musaheb Rama Rao, is contended by him in the petitions read above, as having been closed. The Comptroller's statement, however, shows that a sum of Rs. 4,492-3-7 is still due towards the principal of the loan while an equal sum paid by the debtor during the year under review is shown as having been adjusted towards a penal interest of that amount due by him. Mr. Rama Rao prays for being exempted from the levy of penal interest and in the circumstances of the case, Government are pleased to direct that the amount now adjusted towards such interest be taken in repayment of the balance of the loan and that the property now under Government management be restored to Mr. Rama Rao.

8. The payment of instalments and interest in the case of the following five loans is regular:—Loans to (1) Agrahara Mr. Nanjaraja Urs and his brother Mr. Devaraj Urs, (2) Venkatasubbamma, widow of the late Sarvadhikar Mr. Nanjaraj Urs, (3) Venkata Rao, Inamdar of Gowdavalli and other villages, (4) Annu Rama Rao Narayan, and (5) Inamdars under the Hemagiri Anikat and channels, Krishnarajpete Taluk.

9. No amount on account of principal had fallen due on the 30th June 1908 on account of the loan granted to the late Mr. Bakshi Basappaji Urs and this loan does not therefore call for any remarks.

10. The existing arrangements for the discharge of the loan granted to Mr. Dalavoy Devaraj Urs are unsatisfactory and the question of reducing the amount of the loan by the sale of some of the properties of the debtor so that the balance of the loan may be repaid within a reasonable time from the annual revenues of the debtor's properties left unsold is engaging the attention of Government.

11. The entire loan (Rs. 64,341) granted to Ramanna and other members of the Nandagudi family remains unrepaid, while the accumulated arrears of interest

amount to about Rs. 25,000. During the year under review only a small sum of Rs. 1,345-15-9 was credited towards interest. The loan was directed to be repaid in annual instalments of not less than Rs. 4,500 and this condition of the contract has so far remained unfulfilled. It should also be observed that the Deputy Commissioner of the Bangalore District has failed to pay sufficient attention to safeguard the interests of Government in regard to this loan, towards the principal of which he has recovered absolutely nothing during the fifteen years which have elapsed since the loan was granted. His latest report dated 26th February 1909 submitted in response to Government order dated 20th April 1907 is anything but satisfactory. He has therein simply contented himself by saying that the accounts of the villages are still under preparation and that the Sub-Division Officer has been asked to submit a report as to the steps to be taken for the early liquidation of the loan. The Deputy Commissioner should report why the annual instalments of Rs. 4,500 for which the Inam villages had been leased out to the debtors were not recovered, as they fell due, for the period during which the villages remained in the debtor's possession and who is responsible for this serious neglect of Government duty. It should be stated what is the total amount due by the debtors for the period during which the arrangement of lease was in force and why steps should not now be taken to enforce this essential term of the lease. The Deputy Commissioner should also report when the villages were taken under Government management, what the annual demand and realization were, how the amounts collected were disposed of, why the annual realization is not sufficient even for paying the interest, why the expectations in regard to the net revenue from the villages, formed when the loan was sanctioned have failed and what enhancement in the revenue of the village is expected from the resettlement referred to in his letter dated 26th February 1909. A report furnishing full information on all the above points should be submitted to Government within one month of the receipt of this order.

12. The payment of instalments fixed for the discharge of the loan of Rs. 17,250 sanctioned to the family of the late Regimentdar Lakshman Rao has been very irregular. The minimum annual instalment was fixed at Rs. 1,725 in Government Order No. 4034-5—253, dated 24th August 1889, and had its payment been regular, the loan with interest should have been repaid long ago. On the 30th June 1908 there was, however, still due towards the principal of the loan a sum of Rs. 7,544-2-0 besides interest amounting to Rs. 1,774-10-5. As the debtor is unmindful of his obligations, the Deputy Commissioner's proposal to take the mortgaged property under Government management until the balance of the loan with interest is recovered, is approved.

13. The annual instalment of not less than Rs. 1,666-10-8 fixed for the repayment of the loan granted to the late Mr. B. Gopaliengar is not being recovered regularly. The mortgaged property is under Government management and the Deputy Commissioner of the Mysore District stated in his letter No. 419, dated 15th December 1906, that a very large amount (Rs. 8,174) had remained uncollected. It should be reported if the arrears have since been recovered and who is responsible for the slack collection.

14. Of the three branches of the late Anche Bakshi Thippiah's family to whom loans were sanctioned in 1894, the accounts of only two are shown in the Comptroller's statement while that of the third, namely, the loan granted to Srinivasa Rao and Kesaviah is stated to have been closed. The Deputy Commissioner of the Mysore District has, however, reported in his letter No. 469, dated 16th February 1909, that the said third account has not yet been closed and there were due at the end of 1907-08, a sum of Rs. 528-15-8 towards the principal of, and another of Rs. 34-13-6 towards the interest on, the loan granted to Srinivasa Rao and Kesaviah. The accounts connected with all these loans appear to be still in an unsatisfactory state and though the matter has been under correspondence for over ten years, still it remains unsettled and the Deputy Commissioner of the Mysore District has proposed in his latest letter No. 573, dated 18th March 1909, on the subject, that an accountant may be deputed from his district and another from the Hassan District and that both may work in the Comptroller's office with a view to overhaul the accounts and arrive at the correct amounts due on account of

the principal and interest on the three loans. It is a matter for regret that the Deputy Commissioners of the Mysore and Hassan Districts should have allowed the accounts to drift to the confused condition in which they are and Government are constrained to express their displeasure at the indifferent attention the matter has received at the hands of both the Deputy Commissioners. The Deputy Commissioner of the Mysore District reports in his letter No. 469, dated 16th February 1909, that the Tirunalli village, one of the properties mortgaged as security for the loans, yet remains in the possession of the debtors, though under the terms of the bond executed by them it should have been taken under Government management and that though explicit orders were issued to the Amildar of the Hunsur Taluk to take it under his control, Mr. C. R. Narayanaswami Mudaliar and his successors failed to carry out the orders "with the result that the village continues still under the management of an agent representing the Inamdars, whose mismanagement is often complained of by the Inamdars themselves." Government do not understand why the Deputy Commissioner did not insist upon his orders being carried out and he should now obtain and submit to Government the explanations of the officers who failed to obey his orders. As the agreement executed by the debtors is stated to provide for the assumption by Government of the management of the village, two-thirds of which is mortgaged to Government and as the owners of the remaining one-third share have, as represented in their petition dated 1st May 1909 to the Deputy Commissioner, no objection to the management by Government of the entire village, the Deputy Commissioner should immediately arrange for taking the latter under the control of Government.

15. As regards the steps necessary for overhauling the accounts, the proposal of the Deputy Commissioner of the Mysore District to depute accountants to the Comptroller's office does not commend itself to Government. The confusion is stated to be the result of the incorrect distribution of the amounts realized, among the several accounts and the remedy for clearing up the confusion consists therefore in ascertaining from the original taluk accounts to which of the properties the particular items of revenue collected belong and in affording credit of such items to the accounts of loans which are secured by the particular properties. Accurate statements for the whole period of the transactions and for each of the properties separately showing the gross amounts collected, the amounts spent on the several authorized accounts and the net amounts available each year towards the principal of and the interest on the several loans, should be prepared and the loan accounts recast in the light of such statements. The Deputy Commissioners of Mysore and Hassan Districts should have such statements prepared for each of the taluks in which the mortgaged properties are situated and verified with the Treasury returns on which the Comptroller's accounts are based. The matter should receive the personal attention of the Deputy Commissioners of the Mysore and Hassan Districts and they should in consultation with the Comptroller have all the differences in the accounts reconciled and the exact amounts already paid and to be paid, on account of the loans drawn by the three branches of the family, calculated and communicated to the debtors. For any further instructions for conducting the investigation into the differences, and for settling the accounts of the several loans, the Deputy Commissioners should apply to the Comptroller. The ascertainment of the amounts payable on account of principal and interest by the debtors should be completed and a report submitted to Government by the Deputy Commissioner of the Mysore District within two months of the receipt of this order.

16. As regards the prayer of Srinivasa Rao for the restoration of the village of Doddabommenahalli, it is observed that it cannot be complied with as there is still some balance due on account of the loan granted to him and the Deputy Commissioner of the Hassan District will inform him accordingly. A detailed statement showing the amounts collected in the said village since the assumption of its management by Government and how such amounts were disposed of will however be supplied by the Deputy Commissioner of the Hassan District for the information of the petitioner.

*Proceedings of the Government of His Highness the Maharaja of Mysore.*

17. The entire loans of Rs. 48,000 and Rs. 27,500 sanctioned respectively to Veene Bakshi Subbanna and Siddaraj Urs and Krishnajammanni remain unrepaid, besides large amounts due on account of interest. For some years after the loans were sanctioned the mortgaged properties remained in the possession of the debtors and subsequently they were taken under Government management. The Deputy Commissioner of the Mysore District is requested to state why the annual instalments of Rs. 4,000 and Rs. 2,500, respectively, payable by Veene Bakshi Subbanna and Siddaraj Urs and Krishnajammanni were not recovered from them, during the period the properties were under their own management and who are responsible for not enforcing this important condition of the contract. It should also be reported what have been the annual net revenues from the properties since they passed under Government management and why the actual realizations have fallen short of the expectations formed when the loans were sanctioned. A full report on the subject should be submitted by the Deputy Commissioner of the Mysore District within one month of the receipt of this order.

*Notification of the Government of His Highness the Maharaja of Mysore.*

No. FL. 473-503—G. F. 15-09-2, DATED 15TH JULY 1909.

1. The Government of His Highness the Maharaja of Mysore are pleased to direct that the following be substituted for Rule II and Rule IV of the Rules sanctioned in Government Order No. Fl. 4007—G. F. 184-06, dated the 12th February 1908:—

"II. The rate of interest for such deposits which shall be payable half-yearly shall not at any time be more than ½ per cent in excess of the rate allowed by the Government of India on their securities."

"IV. The person wishing to make a deposit under these rules shall execute a document to Government, binding himself, his heirs, executors or administrators and the trustees, managers or agents appointed by him or them, (*a*) not to demand at any time the whole or any portion of the principal of the sum deposited, (*b*) not to use the interest payable by Government for any purpose other than the one named above and (*c*) to keep and maintain a true and correct account of the expenditure of the interest drawn in such form and with such details as the Government may from time to time prescribe. The account shall be open to the inspection of an officer or officers deputed for the purpose by the Government from time to time. Whenever it be found that the interest paid on the deposit has not been used for the benefit of the institution named, the Government may withhold the payment of interest unless and until the depositor, his heirs, executors or administrators or his or their trustees submit a scheme of management to the satisfaction of Government."

2. The undermentioned rule will also be inserted as Rule No. V:—

"An annual report on the administration of the charity accompanied with abstracts of the accounts referred to in Rule IV in such form and with such details as the Government may from time to time prescribe, shall be submitted in respect of each deposit to which the benefit of this Order is extended."

3. For convenience of reference, the Government Order No. Fl. 4007—G. F. 184-06, dated the 12th February 1908, as amended, is reproduced below:—

"As applications are being received from private gentlemen for the deposit of moneys in Government Treasuries on favorable rates of interest with a view of securing a permanent income for the charities which they have already established or contemplate establishing within the Province, the Government of His Highness the Maharaja are pleased to issue the following rules on the subject: -

I. No deposit will be accepted for sums below Rs. 3,000 or above Rs. 1,00,000.

II. The rate of interest for such deposits which shall be payable half-yearly shall not at any time be more than ½ per cent in excess of the rate allowed by the Government of India on their securities.

III. Deposits will be received only on behalf of Benevolent, Charitable or Educational Institutions or objects of a kind which may be considered legitimate objects of public expenditure, Government reserving to itself the right to determine, in each case, whether the charity on behalf of which application is made, is of a character that deserved encouragement.

IV. The person wishing to make a deposit under these rules shall execute a document to the Government, binding himself, his heirs, executors or administrators, and the trustees, managers or agents appointed by him or them, (*a*) not to demand at any time the whole or any portion of the principal of the sum deposited, (*b*) not to use the interest payable by Government for any purpose other than the one named above and (*c*) to keep and maintain a true and correct account of the expenditure of the interest drawn in such form and with such details as the Government may from time to time prescribe. The account shall be open to the inspection of an officer or officers deputed for the purpose by the Government from time to time. Whenever it be found that the interest paid on the deposit has not been used for the benefit of the institution named, the Government may withhold the payment of interest unless and until the depositor, his heirs, executors or administrators or his or their trustees submit a scheme of management to the satisfaction of Government.

*Financial (General Finance), dated 15th July 1909.*

V. An annual report on the administration of the charity accompanied with abstracts of the accounts referred to in Rule IV in such form and with such details as the Government may from time to time prescribe, shall be submitted in respect of each deposit to which the benefit of this Order is extended.

VI. The Government are at liberty at any time to terminate the system of receiving deposits as above for charitable purposes."

READ—

Letter No. 7137—B. & R. 1200, dated the 5th June 1909, from the Comptroller, submitting the consolidated Budget Estimate for 1909-10.

---

No. FL. 703-43—G. F. 506-08-2, DATED BANGALORE, 28TH JULY 1909.

ORDER THEREON.—*The Revised Estimate for 1908-09.*—The budget estimate for 1908-09, as originally framed, provided for a total revenue of Rs. 2,28,15,000 and a total expenditure of Rs. 2,13,89,000, leaving a surplus of Rs. 14,26,000 intended for disposal as follows:—

| | Rs. |
|---|---|
| Set aside from Cauvery Power Scheme Revenue for redemption of the 4 per cent loan of 20 lakhs ... ... ... | 1,33,000 |
| Net income from the Cauvery Power Scheme appropriated for replenishment of cash balance ... ... ... | 10,77,000 |
| Famine Insurance Reserve ... ... ... ... | 2,00,000 |
| Budget surplus ... ... ... ... ... | 16,000 |
| Total ... | 14,26,000 |

2. According to the revised estimate for the year, however, the total revenue is expected to amount to Rs. 2,22,46,000 and the total expenditure Rs. 2,12,94,000, leaving a surplus of only Rs. 9,52,000. The falling off under revenue is the net result of several large decreases and increases, the former of which were mainly the consequence of the distress which necessitated remissions and suspensions of revenue. The falling off under Land Revenue, Forest, and Assessed Taxes as compared with the Budget Estimates is about 13¼ lakhs, more than half of which was, however, counterbalanced by the improvement over the budget estimate under Excise, Stamps, Mining Royalty and Railways. In spite of the additional expenditure entailed by the distress it is satisfactory to note that the total expenditure according to the revised estimate is about a lakh less than the budget estimate. This result is due partly to saving on the grants of some Departments and partly to the efforts made to meet, as far as possible, the unforeseen expenditure by effecting re-appropriations and deferring some of the optional items of expenditure for which provision had been made in the budget. Out of the total surplus of Rs. 9,52,000, a sum of 1·33 lakhs will be added to the sinking fund for the redemption of the 4 per cent loan of 20 lakhs and another sum of 2 lakhs to the provision for famine insurance. The relief measures undertaken during 1908-09 being only to meet a scarcity and not a severe and wide-spread famine, it is not considered advisable to charge any portion of the expenditure on account of the distress to the grant of 2 lakhs for famine relief provided in the budget of that year. The balance, which is expected to amount to 7·19 lakhs, is the real surplus for the year and it will be disposed of in the manner stated in para 4 *infra*.

3. *The Budget Estimates for 1909-10.*—The alterations noted in the appended statement are required in the estimates of revenue and expenditure provisionally

sanctioned and after effecting them, the estimates as finally sanctioned stand as follows :—

4. In para 18 of his notes on the estimates for 1909-10, the Comptroller states that with a view to form the Depreciation Fund as required by Government Proceedings No. 118-22—819-23, dated the 1st February 1909, the extent of depreciation of the buildings, machinery, etc., from the date of completion of each part has been calculated in accordance with recognized commercial principles and that the amount comes to 14,76,000 up to the end of 1908-09. Towards the making up of this amount, the Comptroller proposes to set apart the whole of the net revenue of 9,68,000 from the Cauvery Power Scheme for 1909-10 in addition to that year's contribution of 3,09,000 to the Depreciation Fund. As the calculation of arrears of the fund is up to the end of 1908-09 the accounts of which are still open, Government consider that the fund may be started from that year and the surplus of about 6·19 lakhs referred to in para 2 *supra* credited to it. Out of the estimated net revenue from the Scheme for 1909-10, it is not found feasible to pay into the Depreciation Fund Account, in addition to the contribution of that year, a larger amount than Rs. 5,54,000, after meeting all the demands for the current year and also securing a working surplus of about half a lakh. This does not, of course,

*Financial (General Finance), dated 28th July 1909.*

mean that a part of the net revenue of the Cauvery Power Scheme has been appropriated for purposes of general administration. The charges noted in the margin are now shown on the expenditure side of the general budget for the first time and it is to meet these charges that a sum of Rs. 4,14,000 is taken out of the Cauvery Power Revenue. As such charges have always been borne by the Cauvery Power Revenue or the cash balance and not from the ordinary revenues of the year, no real change of financial policy is indicated by the change in the form of the accounts.

| 2. Sinking Fund Instalment on account of the loan of 20 lakhs ... ... | 1,33,000 |

No. FL. 69-70—S. R. 266-08-2, DATED BANGALORE, 5TH JULY 1909.

ORDER THEREON.—The Sannad and Takeeds alienating the village do not concede toddy and the Inam Settlement conducted in 1875-76 has reserved "Abkari" to Government, nor has the proof been adduced of enjoyment of the toddy excise revenue by the Jodidars. Government therefore agree with the investigating officer and the Deputy and Excise Commissioners in holding that the claim is not established.

The following letter No. 9800, dated the 27th April 1909, from the Excise Commissioner in Mysore, regarding the claim to the toddy excise revenue of Sarvamanyam Hagalahalli village, Malvalli Taluk, Mysore District :—

"I have the honor to submit herewith the records of enquiry relating to the Inamdar's claim to the excise revenue from toddy of Sarvamanya Hagalahalli village in the Malvalli Taluk of the Mysore District together with the correspondence ending with the Mysore Deputy Commissioner's docket No. 695, dated the 1st instant, and an extract copy of the Inam register of enquiry of Tore Bommanahalli village, and to state that both the Investigating Officer and the Deputy Commissioner are of opinion that the Inamdar has not proved, much less established, his right to enjoy the toddy revenue and that, therefore, the claim has to be rejected.

2. This village along with the five other marginally noted villages, was granted on Sarvamanyam tenure by Her Highness the Maharani Devirammanni Avaru with the sanction of His Highness the late Maharaja Sri Krishnaraja Wodayar III. The sannad, dated 19th June 1826 of His Highness ratifies the grant of the six villages by the Maharani and confers on the grantees the right to enjoy all revenue derivable from 'Bajebab' and 'Maravali' except sandal. The details of the beriz of each of the six villages are given therein and the total revenue under 'Bajebab' comprises an income from "Sendi" in the case of the two villages of Honnalagere and Hagalahalli only. The sendi revenue of the latter village is put down as Re. 0-4-2. It will also be observed that this item occurs along with so many other taxes. It is, therefore, evident that nothing short of the excise revenue from toddy was conceded by the sannad and that there was such a revenue in the village at the time of alienation.

1. Hondlagere
2. Honnayakanhalli — Malvalli Taluk
3. Tore Bommanahalli
4. Kondapura — Channapatna Taluk
5. Madapura

3. At the Inam Settlement of the village conducted in the years 1879-1880, the Inam Superintendent has referred to the Asli case of Tore Bommanahalli for orders on all other points not specially mentioned therein. In the case of the latter village the Inam Superintendent has recorded in column 20 of the Inam Register as follows :—

'7. The item of sayer and toddy are conceded, as per the sannads.'

'8. The other items of Abkari and Forest rights are reserved.'

The title-deed also mentions the items of sayer and toddy as having been conceded. The Inam Settlement has, therefore, recognized the Inamdar's right to the excise revenue from toddy of the village.

4. From the additional information called for, it has been elicited that there is a toddy shop named Settragudi, in the village. This shop is situated within the village limits and the statement of the Inamdars that there is a toddy shop in the village from a long time is not, therefore, groundless as the said shop is shown in the excise accounts to have been in existence prior to this year also. Now in the village there are no date trees worth mentioning.

5. In proof of the enjoyment of the toddy excise, the Inamdars have produced but a single document relating to the year 1884-85. The terms of this agreement clearly point out that it was the toddy excise that was leased out and not the trees merely. The leasing out by auction and the words ಸರಕಾರಿಯಿಂದ ಬಿಕರಿ ಮಾಡಿಕೊಳ್ಳುವದಕ್ಕಿದೆ evidently indicate that the right of vending was leased out. But this is the only evidence of enjoyment of this revenue that the Inamdars have been able to adduce. This proof of enjoyment in the year 1884-85 raises a strong presumption that the Inamdars should have been in the enjoyment of this revenue both prior and subsequent to this date.

6. In view of the concession of the right by the instrument of gift, the income of nothing short of an excise revenue from toddy even so far back as at the time of alienation, the recognition of the claim at the Inam Settlement which should have satisfied itself as to the enjoyment of the revenue at the time of and prior to such settlement, the exercise of the right in the year 1884-85, which raises a strong presumption of enjoyment both prior and subsequent to this date and the existence of a toddy shop within the village limits from a very long time, I am of opinion that the case deserves the consideration of Government under Rule 27 of the rules of the 2nd August 1901, especially as the Government have been pleased to presume enjoyment in the case of Kempanpura, Belavadi and other villages and to waive the question of enjoyment in the case of Gonibede Agrahar.

*Financial (Separate Revenue), dated 10th July 1909.*

No. Fl. 294-6—S. R. 252-08-2, dated Bangalore, 10th July 1909.

Order thereon.—The Inamdars have failed to produce satisfactory proof of enjoyment of the excise revenue for 12 years prior to 1892-93. Their claim is therefore rejected.

The following letter from the Excise Commissioner, No. 10604, dated the 26th May 1908.

"I have the honor to submit herewith the records of enquiry relating to the Inamdar's claim to the excise revenue from toddy of Sarvamanya Deboor and Kapsoge villages in the Nanjangud Taluk together with a copy of a letter No. 587, dated the 9th April 1908, from the District Excise Officer, Mysore District, forwarded by the Deputy Commissioner, and to state as follows :—

2. The Inam villages of Deboor and Kapsoge together with six other villages were granted by His Highness the late Maharaja Sri Krishnaraja Wadayar Bahadur on the 14th October 1818 by a deed of gift to Huzur Savar Cutcherri Bakshy Bhima Rao on his triumphal return from Hindustan with the Mysore Horse. In consideration of his trustworthiness and faithful service rendered to the State, the deed conferred on the grantee, privilege to enjoy all items of revenue including sandal. Though there is no specific mention of the word 'Shendi' or 'Eachalpairu' in the sannad the item of 'Bajebab' is conceded. But in the beriz patti of Deboor village, a copy of which is filed by the Inamdar, an amount of 5, 5-10th and 3 pagodas is included under Panchbab 'Shendi' for the years Vibhava, Bahudhanya, the year of alienation, and Hevilambi respectively. In the copy of the beriz-patti of Kapsoge village for the year Hevilambi 4-10th of a pagoda is included under 'Shendi Pathadi' which means shop-rent. The total beriz of the village for this year is almost the same as that mentioned in the sannad.

At the Inam Settlement of Deboor village, which was conducted in the year 1879, the items of Sayer and Shendi were conceded as per sannad, the item of arrack being reserved. In the Inam Settlement Register of enquiry of Kapsoge village under items enjoyed, the then Inam Assistant Mr. B. Rajagopaliah has recorded 'Shendi' as one of the sources of revenue. The Inam Superintendent Mr. Robert Cole while confirming the grant free, has referred to the Asli case of Deboor for orders on all other points. Hence it is clear that 'Shendi' of Kapsoge village also was conceded at the Inam Settlement.

3. In proof of enjoyment of the right during the twelve years prior to 1892-93, there is the original judgment in Revenue Miscellaneous Case No. 7 of 1887 and the Nanjangud Amildar's yadi No. 1017, dated the 19th November 1890, to the Inamdar, which bring the period of enjoyment of the excise revenue from toddy from 1881 to 1887. It may also be mentioned that in the revenue case, Mr. T. Ananda Rao, the then Deputy Commissioner of Mysore, has held that the Inamdar is entitled to the toddy excise of Deboor and Kapsoge villages. The extracts from the cash accounts of the Inamdar filed in the record show the receipts on account of this item of revenue from the year 1887 to the end of November 1891.

4. In these circumstances I am of opinion that the Inamdar is entitled to the excise revenue from toddy of both the villages of Deboor and Kapsoge. In the former there is a date grove and a toddy shop and the case, therefore, falls under Rules 2, 3, 5, 6 and 9 of the rules of the 2nd August 1901, while the case of the latter falls under Rules 2, 3, 5, 6 and 12 as there is no date grove in the village.

5. The Investigating Officer and the Deputy Commissioner, while holding that the Inamdar is entitled to the excise revenue from toddy of Deboor village, are of opinion that he is not entitled to the toddy excise of Kapsoge village, on the ground that though the right has been conceded at the Inam Settlement, and proof of enjoyment for twelve years prior to 1892-93 has been adduced, neither the original sannad nor the subsequent beriz-patti gives any right to the toddy revenue. The Investigating Officer says :—'It is still open to question whether the receipts are for shop-rent only or include tree-tax. The Inamdar himself feels his claim to tree-tax in this village shaky. In such a case as this nothing less than fifty years uninterrupted enjoyment prior to 1892-93 seems to satisfy Rule 19 of Government Proceedings of the 2nd August 1901.' The Deputy Commissioner also says that the claim is inadmissible as the Inamdar has not proved uninterrupted enjoyment of the right for fifty years. As regards these observations I may at once say that para 3 of Rule 18 lays down that the Inam Settlement and the title-deed should be the starting point. Where it is conclusively clear from the Inam Settlement Register that the whole excise revenue, namely, 'Abkari' or 'Panchabab' or only toddy excise has been conceded, the Inam Settlement should be adhered to. In the case of Kapsoge village the Inam Settlement Register has in unmistakable terms conceded the full toddy excise and it should be adhered to and there is no reason why we should go beyond this. Even if we go to the sannad, there is nothing unfavorable to the Inamdar. The plea that the sannad does not give any right applies equally to Deboor village also. Considering the circumstances and nature of the grant, it cannot be presumed that the same sannad which alienated seven villages on the same terms should have reserved certain rights in the case of one village while conceding all the privileges in the case of other villages. As regards the beriz-patti the statement of the Investigating Officer is not correct, inasmuch as an amount of 4-10th of a pagoda is included on account of 'Shendi Pathadi' in the beriz of the village for the year Hevilambi.

*Financial (Separate Revenue), dated 14th July 1909.*

6. As regards the doubt raised by the Investigating Officer whether the receipts are for shop-rent only or include tree-tax, it may be said that during the years in question there was no tree-tax. The Inamdar himself admits that there is no date grove in his village and this statement is corroborated by the Investigating Officer himself. As such, there could have been no revenue from trees, and the shop-rent is all the toddy excise of the village, which in those days should partially have included the present item of tree-tax. The shop must have drawn its supply from other grove farms sold independently. Under the tree-tax system such cases are covered by Rule 12. There is nothing in the statement of the Inamdar before the Assistant Commissioner, Nanjangud Sub-Division, to lead to the conclusion that the Inamdar himself feels shaky in his claim to tree-tax in the village of Kapsoge. As at the Inam Settlement the toddy excise of Kapsoge village has been conceded to the Inamdar, the case clearly does not fall under Rule 19 and consequently proof of enjoyment for a period of fifty years prior to 1893 is not required. Nor does the Inamdar appear to have been asked to produce proof of any such enjoyment. In his statement he says that he has been enjoying the toddy excise of the village since 1818. In these circumstances I beg to differ from the finding of the Investigating Officer and the opinion recorded by the Deputy Commissioner that the Inamdar is not entitled to the excise revenue from toddy of Kapsoge village.

7. The observations made by the Investigating Officer in the last para of his letter referred to above are not correct and evidently show the confusion under which he is labouring. If he is of opinion that the Inamdar is not entitled to the excise revenue from toddy of Kapsoge village, the shop in that village becomes a Government shop and its retention or closure has nothing to do with the Inamdar as he will be entitled to nothing if the shop is ordered to be closed. It is only when the Inamdar is entitled to the toddy excise that Rule 13 applies."

No. Fl. 371-3—S. R. 248-07-2, dated Bangalore, 14th July 1909.

Order thereon.—Two outstanding features in this case are that the two villages Deboor and Kapsoge are not contiguous but are situated far apart from one another in the Nanjangud Taluk and that the sannad does not contain any reference to date trees nor convey toddy rights.

2. The Inam Settlement has nevertheless conceded toddy rights in the case of both these villages, the concession being based evidently on enjoyment only, but it does not appear that the inquiry in respect of enjoyment of toddy rights was made separately for each village. Enjoyment was found in the case of the first village Deboor and this finding seems to have been applied without an independent investigation to the other village also on the ground that both the villages were granted under the same sannad. Government are, therefore, unable to accept the terms of the Inam Settlement as conclusive in favor of the Inamdar's claim so far as the village Kapsoge is concerned.

Agreeing therefore with the Investigating Officer and the Deputy Commissioner, Government direct that Deboor alone be treated as a privileged inam village the claim in respect of Kapsoge being disallowed. The payment of revenue in respect of the former will be regulated by Rules 2, 5 and 9, contained in Government Order No. 2074-83—R. F. 166-92, dated the 2nd August 1901.

| | 6. Mention what is the amount of the share-capital of the society and whether it has exceeded the maximum limit prescribed in the rules |
| 7. Substitute 'Regulation' for 'Act.' | 7 See that the limits up to which a member can hold shares (Section 12 of Act) has not been exceeded in any case |
| | 8 See that there have been no transfers of shares held by a member for less than one year. |

"Substitute 'Regulation' for 'Act.'

12. Examine carefully whether the transactions of the society are entered from day to day as they take place.

13. Substitute 'Regulation' for 'Act.'

9. Scrutinize how the shares of members deceased since last audit have been disposed of (Section 16 of Act), referring to the Register of Members' Nominees when necessary.

*Cash Book.*

10. See that the opening balance of the present period of audit agrees with the closing balance of preceding period; also see that the totals have been correctly made every month and the correct balances carried forward from month to month.

11. State whether the monthly balance is signed by the Treasurer and cash verification certificate recorded, an entry to that effect being also made in the Minute Book.

12. Examine carefully whether the transactions of the society are done on the day the committee meets.

13. Check all receipts on account of share-payments with the Register of Shares; all receipts on account of entrance fees with the Register of Members; all receipts on account of deposits by members with the Depositors' Accounts; all loans from Government or non-members with the original papers relating to the transactions as well as with the Depositors' Accounts and also with reference to the by-laws (Section 9 of the Act), all loans repaid by members with the Members' Loan Accounts; interest received with the Members' Loan Accounts; sale proceeds of stock with the Stock Account or original papers relating to purchase and sale of stock.

14. In all cases in which receipts are not such as can be traced into any register, the papers relating to the receipts should be carefully gone through and the receipts checked against those papers.

15. Check disbursements on account of share-capital withdrawn with the Register of Shares; deposits withdrawn with the Depositors' Accounts; loans repaid with the original papers relating to the repayment and also with the Depositors' Accounts; loans to members with the Members' Loan Accounts; interest paid on loans and deposits with the Depositors' Accounts; dividend bonus paid with reference to the Share-Register; stock bought with the Stock Account or with the stock actually on hand (allowing for sale, etc.) establishment and contingencies with orders and by-laws on the subject.

16. For all important items of disbursement, the receipt obtained from the parties should be inspected and examined and defaced so that it cannot be produced again to support a second charge.

*Members' Loan Accounts.*

17. Check the calculations in each account throughout.

18. See that every entry in the receipt or payment side is supported by an entry in the Cash Book.

*Financial (Banking), dated 3rd July 1909.*

19. Make a list of outstanding loans in which on the day of audit, repayment has been delayed for more than two months and note against each loan the prospect of its being recovered as far as can be ascertained.

20. ' Substitute 'Section' for 'clause'.

20. Scrutinize the outstanding loan list (prepared as above) of the last audit and if any item be still outstanding deal with the case in detail. Such old items should be marked prominently in the list prepared under clause 19.

21. See carefully that all the persons to whom loans have been made are members and that the limit to which a member can borrow as prescribed in the bye-laws has been observed.

22. Scrutinize the bonds and see that they are properly filed. Note whether members go surety for members who have gone surety for them.

*Depositors' Accounts and Accounts of Loans taken by a Society.*

23. Check the calculations of each account throughout and see whether payments of interest have been regularly made.

24. See whether any repayments fell due during the period covered by the audit and whether they were timely made.

25. See that all receipts and disbursements entered in these accounts are supported by entries in the Cash Book.

26. See that the limit up to which the Committee are allowed to borrow on the security of the Society is not exceeded.

*Register of Members' Nominees.*

27. See that this register has been properly kept up and that all transactions in the Depositors' Accounts, Register of Shares, etc., relating to parties deceased during the period covered by the audits are carried out in accordance with the entries in this register.

*Savings Bank Account.*

28. Scrutinize the pass book and see that the interest is properly calculated and credited and that the deposits and withdrawals are properly accounted for in the Cash Book.

*Minute Book.*

29. See if the Minute Book contains reports of the Proceedings of (I) the General Meetings and (II) Committee Meetings. If any transactions are referred to in the Proceedings which do not appear in the Cash Book and Accounts, inquire and record the reason.

29. See if the Minute Book contains reports of the Proceedings of the (I) General Meetings, (II) Committee Meetings, (III) Supervisors' Meetings held during the period covered by the audit. If any transactions are referred to in the Proceedings which do not appear in the Cash Book and the Accounts, inquire and record the reason.

30. Comment on any measure of special importance dealt with in the Proceedings if you consider necessary.

*General.*

31. Calculate the Cash Book balance on the day of audit and verify the cash in hand by actual counting.

32. Prepare or if prepared by the society check the statement of (I) receipts and disbursements during the period covered by the audit, (II) profit and loss, (III) assets and liabilities on the last day of the period covered by the audit, in the form (annexed herewith) and append them to the report.

33. Substitute 'Regulation' for 'Act'.

33. State the condition of the reserve fund of the society. Is it properly maintained in accordance with Section 8 of the Act.?

34. State generally whether the society is solvent, whether it has got sufficient cash balance, whether the difference between the rates at which the loans are obtained and loans are given is sufficient and whether on the whole it is prospering or decaying.

35. State whether the Committee (Supervisors) and other office bearers of the society have been properly elected and whether their duties have been properly allocated.

36. State whether any of the by-laws have been altered during the year and whether such alterations have been made according to the rules.

37. State whether the committee met regularly for the transaction of business (how often it meets), whether the accounts have been properly kept and whether the staff is sufficient and efficient.

38. See whether the defects pointed out in the last audit have been remedied.

Order.—Government have had under their consideration the question of affording facilities for the safe investment and easy withdrawal of the savings of raiyats, with a view to encourage habits of thrift among them. The best arrangement to provide such facilities would be the establishment of Government Savings Banks at the head-quarters of each hobli, but the practical difficulties in the way of opening such Banks are many and the cost of the scheme is also prohibitive. There are Postal Savings Banks at the head-quarters of some of the hoblis, but there is reason to believe that full advantage is not taken of even these institutions, apparently because the raiyats are not quite aware of the conveniences afforded by them. There are, besides, the Agricultural Banks and Co-operative Credit Societies which serve the same purpose to some extent. Considering the success which, in spite of obvious difficulties, has so far attended the co-operative movement, the early formation of a large number of Co-operative Credit Societies and Banks affording scope for the safe deposit of savings may be hoped for. For the present the combined facilities afforded by Postal Savings Banks, Co-operative Societies and Agricultural Banks together with Government Savings Banks at district and taluk head-quarters, seem sufficient; but if habits of thrift amongst the people grow and there is demand for greater facilities in that direction, Government would be glad to consider means for affording such increased facilities in spite of the difficulties referred to above. In the meantime it would be productive of much good if the attention of the public in the rural parts is drawn to the conveniences afforded by the said Banks and Societies; and Government direct that the Revenue officers should, in the course of their tours, explain to the raiyats the advantages of depositing in such institutions any money saved by them.

Letter No. 2726, dated the 13th May 1909, from the Chief Inspector of Explosives in Mysore, forwarding a report on the working of the Mysore Explosives Regulation for the year 1908.

---

No. J. 19-27—LEGIS. 37-08-2, DATED BANGALORE, 2ND JULY 1909.

ORDER THEREON.—Mr. A. T. Setlur was in charge of the duties of the Chief Inspector of Explosives till the 28th January 1909 and Dr. Smeeth during the rest of the year.

2. The total number of licenses issued during the year by Government in the Geological Department and by the District Magistrates was 182 as against 186 in the previous year. The question of amending the rules with a view to facilitating the disposal of applications for licenses by District Magistrates is, it is noted, under the consideration of the Chief Inspector.

3. The inspection work done by the Inspector of Explosives was satisfactory. There was an increase in the number of inspections made by the Magistracy and Police also, due chiefly, however, to repeated inspections of the same premises. As observed by the Chief Inspector of Explosives, the mere fact that a large number of inspections was made cannot be considered as matter for satisfaction so long as some premises are left uninspected. Government desire that every licensed shop, premises or magazine should be inspected at least once a year.

4. No accidents due to the handling of blast charges and articles of fire-work composition were reported during the year, except from the Kolar Gold Fields, where there were 15 cases resulting in the death of 14 persons and serious injury to 17, against 15 accidents involving the death of 13 persons and serious injury to 17 in the year 1907.

5. One case of illicit manufacture of fire-works was reported from the Tumkur District and the persons concerned were prosecuted to conviction. The proposals of the Inspector of Explosives submitted to Government with a view to prevent such illicit handling of explosives, are engaging their attention and will be disposed of in due course.

6. The attention of District Magistrates is drawn to the case of unsuccessful prosecution for illicit manufacture of fire-works, referred to in para 9 of the report, and they are requested to arrange for duly reporting to the Chief Inspector of Explosives all infringements of the provisions of the Explosives Regulation and the Rules framed thereunder and all cases of accidents due to explosives, with an account of the action taken by them in each case. Their attention is also drawn to a case of unauthorised possession of explosives near Ajjampur in Kadur District, referred to in para 6 of the Chief Inspector's report. Government desire to impress on all District Magistrates the necessity for prompt action under Rules 36 and 36 (a) of the Rules under the Explosives Regulation, whenever any explosives are found on licensed premises after the expiry of the period of the licenses. Action taken under these rules by District Magistrates should invariably be reported to the Chief Inspector of Explosives for information, and the Inspector of Explosives should make a similar report after personal inspection in the cases of magazines licensed by Government.

Letter No. 648—1-09, dated the 13th May 1909, from the Inspector-General of Prisons in Mysore, forwarding a Report on the administration of Jails and Lock-ups in the State for the calendar year 1908.

---

No. J. 277—PRIS. 68-08-5, DATED BANGALORE, 24TH JULY 1909.

ORDER THEREON.—Major (now Lt.-Col.) H. E. Drake Brockman, I.M.S., was in charge of the Department from the beginning of the year till the 6th June 1908, and Lt.-Col. J. Smyth, I.M.S., the permanent Inspector-General of Prisons in Mysore, was in charge during the rest of the year.

2. The number of jails and lock-ups in the State remained the same as in the previous year. All buildings are reported to be in good condition and accommodation is said to be ample. Orders have been recently issued to provide kitchen and latrine accommodation for certain lock-ups which do not now possess the same.

3. The total number of prisoners that passed through and remained in the several jails and lock-ups during the year was slightly more than in the previous year, the increase being due probably to the scarcity and the enhanced prices of food stuffs. Inclusive of the 1,142 convicts in confinement at the beginning of the year, the total jail population was 11,912 as against 11,321 in 1907. Of this number, 10,689 were discharged, leaving at the end of the year a balance of 1,223 as against 1,142, or 81 more than in the previous year.

4. The total number of convicts that were admitted into the jails and lock-ups by direct committals and transfers was 2,444 and 650, respectively, and inclusive of the number remaining at the beginning of the year 1908, the total convict population was 3,352 and 667 as against 3,434 and 666 in the previous year. The number of previously convicted prisoners again showed an increase from 314 in 1907 to 400 in 1908. The Inspector-General of Prisons attributes this more to the employment of improved methods of identification of previously convicted prisoners than to any deterioration of discipline in the jails of the State. The total number of juveniles admitted into jails shows a slight decrease, being 48 as against 53 in the previous year. It is not clear from the report how many of this number had more than one conviction against them.

5. The total number of prisoners who escaped from custody during the year under report was 8, 2 being convicts and 6 under-trial prisoners. Of the former, one has been recaptured and punished and arrangements are in progress for the surrender of the other who is reported to be now undergoing imprisonment in one of the jails of British India. Government regret to observe that only one out of the 6 under-trial prisoners that escaped has so far been recaptured.

6. It is satisfactory to notice that there was an improvement in discipline in the several jails and lock-ups in the State, the number of jail offences having gone down from 119 in the previous year to 76 in the year under report.

7. The total expenditure incurred during the year on jails and lock-ups was Rs. 1,05,911-7-1 or Rs. 9,784-0-8 less than in the preceding year. This decrease is for the most part nominal, as it is due to the transfer of the charges of Police establishment deputed to watch over Taluk Lock-ups from the Prisons to the Police budget, as ordered in Government Proceedings No. 704-5—Pris. 27-07-14, dated the 2nd September 1908.

8. The Government are glad to observe that the cash earnings of convicts which were showing a marked decrease from year to year during the last few years show this year an improvement of about Rs. 5,000, due partly to the better outturn of garden and jail manufactures and partly to the recovery during the last quarter of the year, of hire of convicts from Departments which employed them, as ordered in the Government Proceedings of 2nd September 1908, referred to in the preceding para.

*Judicial and Legislative (Prisons,) dated 24th July 1909.*

9. During the year under report the whole question of the maintenance charges of the jails and lock-ups of the State was considered by Government and orders were passed in September last sanctioning the removal of certain charges from the accounts of the Jail Department to which they were not properly debitable, and directing that, with a view to the more profitable employment of prison labour, steps be taken to start one or two industries in the Central Jail at Bangalore. With this object in view, Government sanctioned the deputation of Mr. Achyuta Rao, Superintendent of the Central Jail, Bangalore, to visit the jails at Fathegar, Aurungabad, Poona, Gulbarga, etc., to enable him to acquaint himself with the several industries carried on in those jails. His proposals in the matter are awaited.

10. Government are pleased to note that the health of the prisoners was generally good. The total number of sick prisoners admitted into hospital for treatment was 781 resulting in 18 deaths, as against 793 resulting in 23 deaths in the previous year. It is also satisfactory that no cases of epidemic diseases occurred in either the jails or the lock-ups of the State.

1. Representative Assembly Subject No. 376 of 1908 brought forward by Mr. Venkatanaranappa of Hosdurga regarding the opening of a Weaving School at that place.

2. Reply of Government stating that Industrial Schools at Channapatna, Chitaldrug, Doddaballapur, Chiknayakanhalli and Hole-Narsipur have been recently sanctioned and that the opening of more such schools will be considered after some experience is gained of the working of these schools and that in the meantime the question of granting scholarships to Hosdurga boys willing to go to the Molakalmuru School for training will be referred to the Inspector-General of Education.

3. Correspondence ending with letter No. 10678—705, dated the 22nd May 1909, from the Inspector-General of Education in Mysore, recommending the institution of five scholarships of Rs. 5 each per mensem in the Molakalmuru Weaving School for Hosdurga boys.

---

No. 162-4—EDN. 243-08-8, DATED BANGALORE, 6TH JULY 1909.

ORDER THEREON.—The proposal to institute five scholarships of Rs. 5 each per mensem for Hosdurga boys for training in the Molakalmuru Weaving School is sanctioned tentatively for two years. The additional cost of Rs. 300 per annum involved will be met from the provision of Rs. 600 made in the budget estimates of the Industrial and other special schools in Mysore for 1909-10.

Letter No. 8163-519, dated the 16th March 1909, from the Inspector-General of Education in Mysore, requesting sanction for additional expenditure amounting to Rs. 8,300 in connection with Kindergarten and Manual Instruction during the year 1909-10.

No. 364-5—EDN. 55-08-16, DATED BANGALORE, 10TH JULY 1909.

ORDER THEREON.—The additional grant of Rs. 8,300, applied for is distributed under the following heads:—

| | Rs. |
|---|---|
| 1. Cost of wood required for the Sloyd classes in 1909-10 ... | 4,000 |
| 2. Cost of equipping 12 more card board centres ... ... | 500 |
| 3. Repairing and replacing broken and unserviceable tools in the 10 Sloyd centres ... ... ... ... | 500 |
| 4. School gardens ... ... ... ... | 2,000 |
| 5. Training of teachers ... ... ... ... | 1,000 |
| 6. Purchase of books on Manual Instruction for the Bangalore and Mysore centres at Rs. 30 each ... ... | 60 |
| 7. Unforeseen charges ... ... ... ... | 240 |
| Total ... | 8,300 |

2. (i) *Cost of wood.*—The cost of wood for 1908-09 should be met by re-appropriation out of the current year's budget grant, as the proposal to provide for this expenditure in the next year's budget is open to financial objection. A grant of Rs. 2,000 is sanctioned for wood required during 1909-10.

The wood may be obtained from the Forest Department and sawn into pieces of convenient sizes in the Industrial School, Mysore, and supplied to the Sloyd centres, the cost being adjusted by book transfer.

(ii) *Additional card board centres.*—This involves only an initial cost of Rs. 500 and is sanctioned.

(iii) *Repairs of tools.*—A provision of Rs. 100 is sanctioned for repairing serviceable tools. Unserviceable tools should be replaced from the stock provided out of the grant of Rs. 800 made during the current year for a reserve stock of tools.

(iv) *School gardens.*—The grant of Rs. 2,000, made for school-gardening during the current official year has been utilized for other purposes by the Inspector-General of Education, and a repetition of the grant is asked for. In view of financial exigencies, Government are unable to sanction the entire amount which is expected to serve ninety Middle and ten Primary Schools. A reduced grant of Rs. 1,000 will be provided in the budget ear-marked for the Inspector-General to start this work in promising centres.

(v) *Training of teachers.*—The sum of Rs. 1,000 applied for is sanctioned as it does not seem desirable to put off this item of improvement.

(vi) *Purchase of books.*—Sanction is accorded to an annual provision of Rs. 60 asked for to equip two libraries of Sloyd books at Bangalore and Mysore.

(vii) *Unforeseen charges.*—The sum of Rs. 240 applied for under this head is unnecessary and is disallowed.

3. The additional grants sanctioned amount to Rs. 4,660, which the Comptroller is requested to include in the State Fund Budget for 1909-10.

*Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 13th July 1909.*

READ—

The following letter No. 328—M. 53, dated 8th December 1908, from the Deputy Commissioner, Shimoga District, recommending the restoration of the cash grant of Rs. 2-15-0 per annum to Sri Ramachendra Devaru in the Munivrinda Matt at Bhimanakatte in Tirthahalli Taluk:—

"I have the honor to submit herewith for orders of Government the proceedings connected with the application of Sri Raghubhushana Tirtha Sripadangalavaru, Swami of the Sri Munivrinda Matt at Bhimanakatte in the Tirthahalli Taluk, praying for the restoration of the cash grant of Rs. 3 formerly enjoyed by the Matt.

2. From the records, it appears that the Matt was in enjoyment of a cash grant of Rs. 2-15-0 under title-deeds Nos. 37200 and 37214 and that at the Inam Settlement this was commuted into a land assignment, the land so assigned being S. No. 77 of Mulbagal village, which is one of the five survey numbers that were brought under khalsat at the Survey Settlement.

3. Later on in pursuance of Government Proceedings No. R. 2973-83 dated 9th January 1902, the other four khalsat lands belonging to the Matt came to be regarded as Inam.

4. The representation of the Swami now is that if Survey No. 77 had not been converted into Inam at the Inam Settlement in commutation of the cash grant, it would, nevertheless, have been done so along with the other survey numbers in the ordinary course in accordance with the above Government Order, and that the Matt has quite needlessly lost the cash grant, which it was enjoying. The Swami therefore requests that either the cash grant may be ordered to be continued to the Matt or another land in lieu thereof be given to it, and that the arrears of the cash grant due to it since the date of the Government Order above quoted be also ordered to be paid.

5. The Swamigalu's contention appears to be sound and his request may be granted."

---

No. 154-6—M. F. 186-08-10, DATED BANGALORE, 13TH JULY 1909.

ORDER THEREON.—Under the circumstances represented in the Deputy Commissioner's letter, the Government are pleased to sanction an annual cash grant of Rs. 2-15-0 with effect from the current year in favor of Sri Ramachendra Devaru in the Sri Munivrinda Matt. The Comptroller to Government is requested to include the sanctioned amount in the Muzrai Budget for the year 1909-10, the charge for the current year being met from the savings of the Muzrai Budget.

2. The Superintendent of Inam Settlements is requested to issue a fresh title-deed for the grant.

3 Government are not prepared to give retrospective effect to this Order. They have, however, no objection to remit on a further report from the Deputy Commissioner, arrears of kandayam due by the Matt equivalent to the total amount of the cash grant for the previous years.

4. *Number of persons to be provided for.*—According to Section 20 of the Famine Code provision has to be made for the relief of 706,426 persons for six months, *i.e.*, for 127,156,680 units.

5. *Adequacy of the programmes.*—It will be seen from the figures shown in the following statement that taking sanctioned programmes alone, provision has been made for 74·5 per cent of the total number of units of famine labour required to be provided for under the Code. The percentage is lowest in the Kolar District being 22·6 and the Deputy Commissioner promises to take necessary action to get up plans and estimates for as many works as possible in the course of the year. Sufficient provision has been made in the districts of Mysore, Kadur and Shimoga.

Taking the sanctioned and the emergency programmes together, ample provision exists in all the districts.

*Public Works, dated 3rd July 1909.*

6. The number of A class works in the village relief programme of the Tumkur District is nil. It is 3 in the Kolar District and 8 in the Shimoga District against a total of 1,425—1,321 and 429 works respectively. It is hoped that the Deputy Commissioners of these districts will submit for approval in the Public Works Department plans for as many works as possible and bring them under the sanctioned programme before the next year.

7. *Defects in the programmes.*—The following are some of the defects noticed:—

(*a*) *Public Works.*—(1) The remarks "not useful except for famine labour" made against serial Nos. 5 and 6 (Kolar Taluk), No. 108 (Sidlaghatta Taluk) and No. 191 (Goribidnur Taluk) are inconsistent with their classification as IV-C.

(2) Four small works, *viz.*, serial No. 2 (Chamrajnagar), No. 1 (Seringapatam), No. 2 (Krishnarajpete) and No. 4 (Nagamangala) in the Mysore District, are wrongly shown under large works. Similarly four large works, *viz.*, No. 18 (Chikmagalur), Nos. 39 and 45 (Kadur) and No. 66 (Tarikere) in the Kadur District are wrongly shown under small works.

(3) Serial No. 1 in the Nagamangala Taluk, and No. 2 (Kanakatte Hobli, Arsikere Taluk) are classed as II-B and IV-C but wrongly shown under the sanctioned programme.

(4) No. 1 (Channarayapatna Taluk) (page 21) is classed as IV-C, which is not consistent with the remarks "sanctioned" made against it. And No. 13 (Shimoga Taluk) is classed as III-A, which is inconsistent with the remark "almost completed" made against it.

(*b*) *Village works.*—(1) No figures are shown against serial No. 23 (Chitaldrug Taluk) under columns 6, 7 and 8.

(2) The names of persons ready to bear financial responsibility for carrying out the three works shown under Part III in the programme of the Hassan District should have been mentioned against them.

8. *Number of persons available for famine duty.*—The following statement shows the number of persons available for famine duty in each district as shown in the lists appended to the programmes for the two years 1909 and 1908. No such list of men available for famine duty was received with the village works programme of the Mysore District.

| District | 1909 | 1908 |
|---|---|---|
| Bangalore ... ... ... ... ... ... ... ... | 494 | 487 |
| Kolar ... ... ... ... ... ... ... .. | 366 | 233 |
| Tumkur ... ... ... ... ... ... ... ... | 1,370 | 922 |
| Chitaldrug ... ... ... ... ... ... ... ... | 213 | 184 |
| Mysore ... ... ... ... ... ... ... ... | 64 | 942 |
| Hassan ... ... ... ... ... ... ... ... | 213 | 241 |
| Kadur ... ... ... ... ... ... ... .. | 47 | 42 |
| Shimoga ... ... ... ... ... ... ... ... | 623 | 697 |
| Total ... | 3,430 | 3,738 |

In this connection it is worth observing that it is very important that Deputy Commissioners should have it explained to the members of the Local Fund Board and Unions, the scope and object of famine programmes, the advisability of land-holders settling schemes for improvements of lands, etc., (private and public) to be carried out with their own funds or loans from Government which would not only provide labour for the villagers near their homes at times of distress, but will also promote the benefit of the village and last but not least, the necessity for capable men among them volunteering for famine duty.

The Deputy Commissioners are requested to have the taluk programme placed before the several Boards and Unions for information and remarks and suggestion as regards fresh works. They should also be apprised of the sort of co-operation expected from non-official persons and village officials and duties to be performed by such persons and advised to make themselves duly acquainted with the same. And it will not be out of place to record annually resolutions of what was done in the matter.

9. Forms Nos. III, IV and IVa (Abstract of village works) are herewith submitted.

*Proceedings of the Government of His Highness the Maharaja of Mysore,*

No. 553-65—5151-63, DATED BANGALORE, 3RD JULY 1909.

ORDER THEREON.—In the Revenue Commissioner's review read above, the following points call for notice.

2. *Para 1.*—It is observed that in the majority of cases, the programmes had not been submitted by the date prescribed. As pointed out on previous occasions, the officers concerned should be punctual in the submission of these programmes.

3. *Para 5.*—The deficient provision in the Kolar District under the sanctioned programme is again brought to notice; and this has been already explained to be due to there being little scope for bringing more works under this head in this district. The attention of the Superintending Engineer will, however, be invited to the orders passed on the previous year's programme, that the projects for works entered as good and useful in the programme, for this district should be submitted without delay, and the works brought under sanction.

4. *Para 6.*—The Revenue Commissioner points out that there are no A class works at all in the Village Relief Programme of the Tumkur District; and that the number of such works in the Kolar and the Shimoga Districts is very small, *viz.*, 3 and 8 respectively. The attention of the Deputy Commissioners of these districts will be drawn to the remarks of the Revenue Commissioner on the subject in view to necessary action being taken in the matter as early as possible.

5. *Para 7.*—The attention of the Superintending Engineers and the Deputy Commissioners will be drawn to the various defects in the programmes, pointed out by the Revenue Commissioner in this para, and they should be rectified in the programmes to be submitted for next year.

6. *Para 8.*—No list of persons available for famine duty has been received with the Village Works Programme for the Mysore District, and this cannot be considered satisfactory in view of the fact that the omission which occurred in the previous year was then ordered to be duly supplied by the Deputy Commissioner. His attention will again be invited to this point. As a matter of fact, instances have been brought to notice in which patels have rendered good service in organizing labour and supervising work in the Mysore District.

7. The suggestions of the Revenue Commissioner that the Deputy Commissioners should have the scope and object of famine programmes, etc., etc., explained to members of the Local Fund Boards and Unions, have been already ordered to be carried out. The further suggestions now made by him, that the Deputy Commissioners should have the Taluk Programmes placed before these local bodies for information and remarks, etc., etc., might also be given due effect to.

8. As required by Section 32 of the Famine Code, the Executive Engineer, Water-supply and Stores Division, who is in charge of the entire reserve famine tools, reports that the following articles are maintained including those recently purchased and issued to the Deputy Commissioners of Districts in connection with the prevailing distress:—

| | |

| Saws, cross cut ... ... ... | 25 |
| Saws, hand ... ... ... | 375 |
| Tampers, round ... ... ... | 1,475 |

9. No stock of "iron buckets for drawing water," "kerosine tins fitted with handles," "iron pots and ladles," as particularized in the section referred to above, is kept as these can be obtained from local markets whenever required.

*Public Works, dated 3rd July 1909.*

10. A copy of the abstract statement (Form III) of the Famine Relief Programmes for the year under review is appended for information. A manuscript copy of same has already been furnished to the Hon'ble the Resident as required by the Rules.

*Proceedings of the Government of His Highness the Maharaja of Mysore, (Geological), dated 24th July 1909.*

READ—

Letter No. 2890, dated 15th June 1909, from the Chief Inspector of Mines in Mysore, stating that the powers of the Inspectors of Mines, in the matter of conducting prosecutions for offences under the Mysore Mines Regulation and Rules are not defined in the Regulation or the Rules thereunder, that Rule 210 of the Rules under the Mysore Mines Regulation vests the power of conducting prosecutions in the Superintendents of Mines and that, as this arrangement is not satisfactory, it is desirable to lay down definitely the powers of the Inspectors of Mines in the matter.

---

No. 229-49, DATED BANGALORE, 24TH JULY 1909.

ORDER THEREON.—Government observe that under the provisions of the criminal law the Inspector of Mines has authority to appear for and conduct prosecutions under the Mysore Mines Regulation in criminal courts.

2. Rule 210 of the Rules under the Mysore Mines Regulation, no doubt, makes it obligatory on the part of the Superintendent of the Mines that he should prosecute in certain cases, but it does not take away the right of the Government to appear as the prosecutor in all criminal cases. Government are accordingly pleased to direct that the Inspectors of Mines may take charge of any prosecution for offences under the Mysore Mines Regulation and the rules thereunder.

W. F. SMEETH,
*Secy. to Govt., Geol. Dept.*

To—The Chief Inspector of Mines in Mysore.
The District Magistrates of Districts.
The Inspector-General of Police in Mysore
The Registrar, Chief Court of Mysore.
The Superintendents of Mines.
